BETTY AMENDOLA CHOSEN BEAUTY QUEEN

Crash Injures Two Motorists

A two-car accident occurred on Rte. 59, just south of Grass Lake Road last Sunday at 9:13 p.m., injuring two Lake Villa persons.

Hurt were Elaine Strohn and Charles Lowe of Lake Villa. Both were removed from the scene of the accident by the Lake Villa Rescue Squad and taken to the Victory Memorial Hospital. They were treated for bleeding wounds and distorted members.

The accident happened when William T. Grider, 22, of Chicago, proceeding north on Rte. 59, struck Lowe's car from the rear. He stated he tried to stop but skidded into Lowe's car. He then skidded across the road, coming to a halt in a northeast direction.

Drunk Is Arrested

Milton Park, 71, of Antioch, was arrested last Monday for driving while intoxicated by the Lake County deputies.

Park, who was going west on Grass Lake Road, went onto the road's shoulder, skidded across the road while attempting to stop, slammed into a telephone pole and bounced back to a complete stop.

He was charged with excessive property damage to the telephone pole, lawn, shrubs, flowers and a tree belonging to the P. J. Smith & Kelley company located at that site.

Park was treated by Dr. Abderholden in his office for minor injuries and was then turned over to police officers. The officers took him to Fox Lake where a drunkometer test was made. The test proved Park to be intoxicated while driving. He was then arrested and released on bond.

Betty Amendola Crowned Queen

Even Saturday's oppressive heat couldn't discourage the crowd that went to the Antioch High School Saturday night to look over the contestants in the Beauty Contest or root for their favorite.

Thirteen girls displayed their particular talents for the crowd, and paraded across the stage in bathing suits, before the time came when the judges retired to compare notes, and the audience waited for their decision. The five finalists who were finally selected for consideration of the judges Sunday night were Janice Hatendorf, Judy Sorenson, Betty Amendola, Marilyn Weirgac and Brenda Goech.

Betty Amendola was crowned beauty queen in the finals, held at 8 p.m. Sunday night at the carnival grounds. The five judges who made the selection were Jack Hoogasian, Norris Froelich, Gene Zannini, Thomas Doran and Pat Clavey.

Citizens Make Up Street Dance Band

As usual, it was hard to get the crowd started but the street dance held at the village parking lot Friday night was rated a success.

Music for dancing was furnished by a band made up of William Brook, Dr. James Kopriva, Mike Murrie, Joseph Kanka, Joseph Rush and George Ollsar.

Chairman of the committee arranging the dance was Ray Lorenz, Jr.

BOY PASSES OUT

Bob Leicht, 15, of Venetian Village, was hurt in a fall during the Antioch Summer festival activities last Saturday and was taken to the Antioch Clinic by the Rescue Squad.

Leicht fainted on the fair grounds and struck his head, inflicting lacerations.

5,000 View Paraders

It would probably be safe to say that Sunday's parade was the biggest ever held in Antioch.

About 5,000 people lined the streets by the time the aerial bomb signalled the start of the march down Main Street. The Fox Lake Color Guard marched at the head of the parade, followed by the Great Lakes rifle drill team, drum and bugle corps and the Waves marching corps. A Nike missile from the Glenview Air Base followed the units from Great Lakes.

In all, over 60 units joined in the march—fire department trucks, the Bristol Band, the Comets (a Waukegan band), the Antioch Grade School Band, the Sheriff's Posse, the R & S Riders from Little Orchard Farm and several cars and floats. Each

Band Plays Before Crowd

The crowd who attended the band concert on Thursday night at the Village parking lot in Antioch were well rewarded.

The arrangements played by the Bristol Band were unusual and often lovely. Tired old "Bells of St. Mary" was a new experience under their treatment, and their arrangement of tunes from "The Music Man" was something new.

Several songs by the Little Fort chapter of the SPBSQA were enjoyed by the crowd between the selections by the Bristol Band.

Robert Wilton, Jr., was chairman of the Band Concert committee.

of the thirteen beauty queen contestants waved to the crowd from a car.

Heat Wave Brings the Thought of Snow & Ice

By Pearl Kapell

This is it. One of those days when you wake up with the uneasy feeling that for some reason—you're not quite sure why—you'd just as soon skip today. As you climb in your car to drive to work, the feeling that this isn't going to be a good day becomes a certainty. The air is still, the sun is brassy and the fumes from the car hang in the air and offend your sinuses.

By the time you walk down Main St., one of summer's scorches has started to take over. Main St. has become a concrete oven; down which a few people hurry to escape into air-conditioned stores and offices, or to reach a shady side street.

You may not enjoy the heat, but try to remember all the people who are being made happy by it. People vacationing in our area can really feel they're getting their money's worth. They can lie in the shade, after cooling hours in the lakes, and send smug postal cards

to sweltering friends in the sun-baked cities saying: "We always seem to pick the best times for our vacations."

People who grow corn can sit in the shade and practically hear the snap, crackle and pop as the plants stretch to new heights under the hot sun. Manufacturers of ice cream, soda pop, bermudas and shorts can relax and smile as they watch the sales figures climb. And air conditioners and fans! The sales on these items, if the heat persists for a few days, may solve all President Kennedy's worries about an economic recession.

So don't gripe. Smile. Remember last winter, and our vows that we'd never gripe about the heat again? As the sweat trickles down your face, and your clothes stick to your back, and the children whine, and your stomach turns over at the thought of food—smile.

FALLS FROM PIER

John Peter Elliott, 22, of Antioch, received possible neck injuries after a fall last Sunday from a pier at Sequoit Harbor.

The Antioch Rescue Squad took Elliott to Condell Hospital where he was treated by Dr. Midgley.

SUFFERS ATTACK

Mrs. Richamp, 62, of Antioch, was taken to Victory Memorial Hospital last Sunday at 12:30 p.m. with a possible coronary heart attack.

The Antioch Rescue Squad removed Mrs. Richamp from her residence at Indian Point.

\$315,000 Revenue Bond Ordinance Is Approved

Festival Sponsored By Church

St. Peter's Church will sponsor a festival on July 27, 28 and 29 in order to raise funds for its new youth center.

Included in the preparations for the festival will be a carnival providing rides for children and many booths. The affair will be captioned with a giant smorgasbord dinner on Sunday, July 29.

Heading the parcel post booth is Mrs. Joseph DeStefano. Mrs. John Roach will manage the handicraft booth.

James Leksich, along with Rev. Henderson and Rev. Hanley, will be the general chairman of the festival.

A planning meeting is slated for tonight (Thursday) in the church hall at 8 p.m. The youth center's gym is scheduled to be dedicated on September 23.

Man Injured In Accident

A Waukegan man, Peter F. Metallo, 36, was injured here in an accident last Sunday.

Metallo was headed east on Loon Lake Road around 7 p.m., when his car went out of control and skidded sideways into the west-bound lane. His car struck a tree on the west side of the road.

The Antioch Rescue Squad took Metallo to the Antioch Clinic where he was treated for bleeding wounds.

Lake County Sheriff deputies arrested Metallo for reckless driving.

Boy Drowns at Channel Lake

A six-year-old Chicago boy, Vincent Fanizio, drowned last Sunday at 5 p.m. at the Channel Lake boat house in Channel Lake.

The boy's parents had been picnicking in the area and, after a half hour's time, noticed his absence. Upon finding him in the water, the father attempted to restore the child's breathing by mouth-to-mouth respiration. The Antioch Rescue Squad arrived on the scene and also attempted respiration.

Dr. Thain of the Antioch Clinic arrived and, after examination, pronounced the boy dead.

The body was removed to the Strang Funeral Home pending a coroner's inquest which took place Monday.

Public Hearing Is Set For September

Dave Nissen, chairman of the Zoning and Planning Board for the village of Antioch, recently announced that the public hearing of the board's findings, tentatively scheduled for July 17, has been changed to sometime after Labor Day in September.

A necessary closer inspection of the proposed zoning ordinance and the absence of board members on vacation were some of the reasons Nissen gave which prompted the postponement.

A replacement for George Palaske, who quit the board recently due to business obligations, has yet to be found. Several candidates to fill the position will be considered at the next village board meeting.

Property Is Annexed Into Antioch Limits

The Antioch Village Board, meeting Tuesday, July 3, passed the Sewer and Water Revenue Bond Ordinance into law. The ordinance authorizes and provides for the issue of \$315,000 Waterworks and Sewerage Revenue Bonds in order to defray, in part, the cost for the system's construction.

Unlike the village's general obligation bonds which are based on taxes taken in by the village, the Revenue bonds must be paid for out of monies collected from the sewer and water system. So far, the board has previously sold \$325,000 in general obligation bonds.

The ordinance submitted by village attorney Edward C. Jacobs carried only one change from the original draft. The change makes the first bonds redeemable in 1977 instead of 1980.

The same firm handling the general obligation bonds, the M. B. Vick and Co., will manage the sale of the revenue bonds, the interest not exceeding four per cent.

Resident engineer, Dave Miller, who drew up the plans and specifications for the water and sewer project, will be retained until the job's completion. His wage consists of \$1,281.

Properly Annexed

Antioch Hills Subdivision was officially annexed into the village of Antioch via an ordinance also passed by the board. Property involved in the annexation included all lots on Buena Terrace, 3 lots on Highway 21-83 and 3 lots on the north side of Windsor Terrace.

Robert Bemis was then issued a building permit by the board to construct a \$16,000 professional building. The building will be occupied by Norman Jedeke, a local accountant.

Board Asks Support

In their attempt to have Ida Avenue, Anita Street and McMillen Road blacktopped, the board discovered, from the lowest bid received (\$16,480.50) that not enough funds were available. The matter has been temporarily shelved until aid from industry located in the Sequoit area can be obtained or an alternate solution can be reached.

New Parking Lot

Don Pittman was issued a building permit to construct a new parking lot on the corner of Main and Depot streets. The permit is subject to the approval of a sketch designating Pittman's plans for the area. This prerequisite was made due to the complaints from various individuals stating that his

Something For Everyone: County Fair July 24 - 29

The 34th Lake County Fair and 4-H Club show starts Wednesday, July 24, and continues through Sunday, July 29, according to Ray T. Nicholas, Lake County Farm Adviser.

Although the show is nearly a month away, many exhibitors have begun preparation of their exhibits in the more than 1000 different premium classes listed in the catalog. Premium catalogs may be obtained by writing Mr. L. A. Nordhausen, secretary of the Lake County Fair Association, Box 27, Grayslake, Ill. Entry blanks for making entries in advance of the show, which is required, are contained in the premium catalog.

One of the highlights of the fair will be the crowning of the 1962 Lake County Fair Queen.

The Lake County Fair grounds are located on Route 45, about one-half mile north

of Route 120. The fair grounds are about 10 miles east of Waukegan and one mile east of Grayslake, and about 40 miles northwest of Chicago.

The opening day of the fair has been designated as 4-H Club Day, and will feature, in addition to the all-day horse show, a talent show in the evening on the stage in front of the grandstand. The talent show will include the blue ribbon instrumental, dramatic and novelty numbers selected from the Lake County Share-the-Fun Festival.

While the Lake County Fair still maintains much of the flavor of the old county fair with its livestock crops, and home-making arts exhibits, it has kept up with the latest progress in making this an outstanding exposition for everyone. From one end of the vast expanse of grounds to the other, there

will be exhibits and attractions for all.

The Midway, with its many rides and booths, will provide a sparkling carnival atmosphere. Those who delight in seeing the best in purebred pedigreed stock will find it at the Lake County Fair and 4-H Club Show. There will be hundreds of head of prize-winning livestock, ranging in size from the tiny bantam chickens and furry rabbits to the huge dairy sires. Exhibitors from Illinois and neighboring states will exhibit their best blue ribbon poultry, sheep, swine, dairy cattle, beef cattle, rabbits, and pigeons.

Pigeon Show Featured In response to numerous requests from pigeon fanciers, the board of directors is setting up a special pigeon show again this year. A special large tent will house the pigeon show during the fair. Exhibit classes have been

provided for sixteen different breeds of pigeons including Tumblers, Pouters, Fantails, Rollers, and others.

Rodeo Contest

One of the highlights of the fair will be the rodeo contest sponsored by the famous Bar M Ranch rodeo. This contest will be similar to that seen on TV and will include saddle bronco riding, bareback riding, bulldogging, calf roping, and girls' barrel racing.

Performances will be presented Thursday, Friday, and Saturday evenings, July 26, 27, and 28, starting at 8 p.m.

Interested contestants should contact Medo Calzavara, Route 1, Box 70-B, Grayslake, Telephone Kim ball 6-3789.

Art Fair Winners

The Annual Exhibit and Fair held by the Antioch Art Guild on July 7 and 8 drew the attention of many over the past week-end.

Pictures displayed in the Fair were for sale, and there were samples of almost any style and school of painting.

Claire Gilday's portraits of children and a portrait of Jim McMillen by Grace Strahan (which won the popular vote contest) caught the attention of many of the spectators.

First place winners in the Art Exhibit were Ellen McDowell, George Grunow, LaVerne Kriz, Claire Gilday, Dr. James Kopriva and Rosalie Lyons.

A painting by Bea Perry won the Best of Show ribbon. Everett Misunas, Waukegan High School Art Director and teacher, was judge of the exhibit.

EDITORIAL

Capital Punishment

Paul Crump, convicted killer, is now the source of public wrath both pro and con as to whether he should be the next person to sit in the electric chair and pay the supreme penalty of his life for his crime. The last person to be electrocuted for the wholesale slaughter of his family was Vincent Ciucci, earlier this year.

Irv Kupcinet even went so far as to exhibit the killer on television in order to incur public sympathy and gain the usual leaderless support of mass emotionalism over his case. The Kupcinet At Random show was both sensation-provoking and in bad taste.

To sue for a public judgment via a responsible media after this individual has been justly tried by a non-partisan jury under the law of the land is to fly in the face of democratic order and common sense. Exhibiting Crump as a repentant truant seeking public pity and salvation is a degradation of his case and his life. Kupcinet probably did more harm with the appearance than good, placing the complete burden of decision with Governor Kerner as to whether Crump will live or die, when all the while this decision was finalized in court with the judge's utterances after hearing the jury's verdict. It is like placing the words of Carl Sandburg into Kerner's mouth—"I am the killer of a million killers who want a killer killed for killing."

If capital punishment is to be banished in the state of Illinois, the present law concerning the subject must be repealed and another instituted. This is done in the house and senate, not in the governor's office.

Perhaps, if Kupcinet and the many well-intentioned like him would direct their energies to petitions and constitutionally-followed procedures in order to achieve the necessary ban on capital punishment, a solution to this grave problem might be materialized.

Earned Respect

The ever-busy, always-on-call Rescue Squad in Antioch deserves another pat on the back.

With Antioch teeming with people here for the Summer Festival activities, naturally enough, several persons had to be treated for fainting spells and minor accidents.

The promptness and efficiency with which these tasks were accomplished proved to be a credit to the entire squad.

Many of us, while going through our day-to-day routine, tend to overlook the importance of our Rescue Squad workers by taking the department for granted.

Most of us fail to realize that this vital organization, instrumental in saving countless lives and aiding others in stricken conditions, is composed entirely of volunteer help.

Residents from all parts of Antioch serve on this necessary force. They, like their co-workers on the Fire Department, are on call 24 hours out of the day. When the siren blows, you can be sure that a number of men have dropped everything to answer the distress signal.

This devotion to aiding others can only be admired and respected. In their own way, the men of this organization contribute more to the well-being of this community than any other.

Let us not forget them in our donations and our gratitude.

By Jay Nash

Laboring under the delusion that Red China actually expects military invasion from the Nationalist strongholds of Matsui, Quemoy and Formosa, the war-scare propagandists are spreading the news of this so-called danger to world peace.

Chiang Kai-Shek's forces are, whether anyone realizes it or not, marooned on their respective islands of exile. These forces have no landing craft and no navy to support their invasion. This, the Chinese communists know to be a fact.

Why then are the communists in such a fever over this mythological invasion? Simple. They have, along with misguided American communicative media, propagated this myth in order to help solve their own sociological and economic problems.

In mobilizing the Chinese people for a war that will never happen, the communists are absorbing themselves from food shortages, housing inadequacies and general discontent. Blaming these shortages on the threat of war and the necessity to protect the homeland from the "barbarian" and thereby asking immeasurable sacrifices, the Chinese communists appeal to the basic emotional instincts of the people and make their suffering patriotic by sounding the clarion call in defense of their country. Response to this simplest type of propaganda is enormous. It always works.

A nation of people will always respond to the defense of their country and, once the dedicated conviction to privation is installed in them, will go to any extremes for their homeland.

This is an old story. When Ludendorff's armies were sweeping inward to Paris in 1914, the French government appealed to the people of that great city to save their country.

Under the dynamic French generals Foch and Joffre, the young and old, the near crippled and the unfit-for-service turned out with rusty rifles; commandeered every taxicab in Paris and drove out to meet the enemy with the moving slogan of "they shall not pass" bursting from their lips. The German juggernaut was halted at the battle of Verdun by a fanatical horde of civilians and soldiers alike who fought like men possessed to save their country.

This is what caused America's behemoth industrial strides during World War II. "More planes, guns, ammunition, ships for those 'over there'." Every worker was a fighter, a soldier in the war for freedom, a patriot.

This attitude, a basic fundamental in rallying a nation to arms, is of great worth. The communists however are taking advantage of the war-scare idea and in so doing are taking advantage of themselves. What is likely to happen, if this quick-paced and zealot-inspired mobilization continues, is that the Chinese people will come to realize that there is no threat to their country and then the breach between the present government and the public will have begun breeding distrust, disrespect and eventual hatred.

If the Chinese communists, who apparently can not stop this invasion snowball from rolling down hill, do not slacken their archaic propaganda campaign they will be faced with only one solution—they will have to produce a war. This, the communists can not afford to let happen for it offers the possibility of an end to their system and a defeat of their entire ideological world.

Courthouse Notebook

BY LOU DURKIN

There is abroad in the land a feeling among the Republicans in Lake County that all the good things about the government of the County of Lake, and there are many of them, stem from the predominance of Republican officials in the county building.

Democrats in Lake County have a different view, of course, and they blame the county's ills on this same domination.

Actually, of course, the "independents" can take most of the credit and most of the blame, since the County Board of Supervisors, which is allegedly elected on a non-partisan basis, is the real governing body and the real policy making body of the county.

Most of the elected officials such as county treasurer, county clerk, clerks of the courts, and auditor are primarily administrative and their duties are carefully surrounded by state statute.

Their political influence is still considerable, but their actual influence on the operation of the county is extremely limited.

The real policy setters, and the most influential men in the county government as far as long range policy is concerned, are the appointive officers serving under the county board.

These would be the men heading such departments as the Lake County Regional Planning Commission, the Lake County Health Department, the Building and Zoning Department, Highway Department, the Finance Director and perhaps the Supervisor of Assessments.

Recommendations of these appointed department heads are the basis for most of the vital decisions reached by the supervisors in setting policy for the county on a wide range of matters.

Government hasn't reached the point yet where these appointed department heads could form a committee and outweigh the influence of County Board Chairman Robert Dickson's kitchen cabinet, or House of Lords as some call the board's policy committee, but the possibility exists.

Speaking of politics on the county board, even though all except one member was elected on a non-partisan ticket, there is a mixture of the two political parties among the supervisors and those party alignments frequently crop out in board discussions.

For instance, Deerfield Assistant Supervisor Frank B. Peers is generally regarded as a Democrat and his running criticism of board policies and decisions lends weight to the argument.

Particularly since he usually finds an ally in Waukegan's John Balen who broke through the non-partisan line to get elected to the board on a Democratic state in 1961.

A few months ago Wauke-

gan Mayor Robert Sabonjian offered a grandiose plan for the development of a huge recreation area on the Lake Michigan lakefront just north of the Johns-Manville plant.

The scheme included a marina utilizing the Manville slip, a swimming pool, and golf course, which, The Rock maintained, would help make the Illinois Beach State Park Lodge a paying proposition.

Mayor Sabonjian ran into opposition from the flora and fauna folk who opposed use of any of the wild life preserve in the state park for recreational purposes and the idea was abandoned.

Now the lodge has been taken over by some Chicago operators with the blessing of Gov. Kerner, who sided with the botany buffs against Sabonjian, and plans have been announced for a swimming pool, golf course, skating rink and small boat marina adjacent to the lake front Taj Mahal.

It is interesting to speculate on how far into the wild life area Gov. Kerner will allow this operation to project.

GOP Central Committee Chairman Robert J. Milton, who cuts something more than an athletic figure himself, will be leading a bronzed and muscular crew of candidates into the political fray in November judging from the golf outings on the summer state.

Many of the politically active will sharpen their mashes in Stan Cory's Miller High Life Golf extravaganza at Vernon Hills Country Club July 23, 24, 25 with many of them, particularly Congressional Nominee Robert McClory and State Senator Nominee Bob Coulson heading for the McHenry Central Committee outing July 25.

State Rep. W. J. Murphy will be honored at a golf outing-dinner at Chevy Chase Country Club on Aug. 7 and there will probably be a sprinkling of cribbage players at this donnybrook.

Milton has set Aug. 22 as the date for the central committee's annual slugging and is planning some surprises for the golfers and bridge players. Then in September the boys will take their final fling at the annual Joe Welch Appreciation Day in Barrington.

Jeeves, my mashie nibble, please.

Along The Way

With Annie Mae

Tell you what I'm gonna do. "Hey Fella, win the little a Teddy Bear." Here, here, look how easy it is! These and other cries of the pickmen were heard by large crowds attending the Summer Festival this past week.

Missed by many was the P. A. System announcing "Under 0 28 0 28." Still seems to this writer there are a lot worse things that continue, while they take away the pastime most enjoyed by the older set. My foggy brain has a difficult time trying to find the distinguishing marks between "the old corn game" and any other games of chance that still exist. Now I shall climb down from my detergent case and get to other matters.

Scene (or maybe seen?) from the Water Tower during the Festival.

Gene and Pat Wagner trying for the brass ring on the Merry-go-round.

Terry Forbrich, a hand-

some "hunk" in those Bermuda!

A breathless Vic Wilton on the Paratrooper ride.

Mr. and Mrs. Harold Knutsen holding hands on the Ferris wheel.

Carl Schlessner trying to convince Shirley the tank at the Dip game wasn't filled with "pale brew!"

Pretty Ellen McDowell and Rosalie Lyons who added both talent and color to the Art Fair with their flowery straw hats.

Bill and Grace Amendola, smiling with tears in their eyes as daughter Betty was crowned Queen. Congratulations to a very Pretty and Talented girl!

You know it isn't every Sunday you can have your dinner served by The Butcher, the Banker and the Light-maker, (he took the place of the candlestick maker) Fanfare to Leonard Roblin and his whole "chicken pecker" committee for a job well done. (And the chickens were too!)

John Horan and his parade

Did You Notice It?

By Pearl Kapell

Probably very few people, unless they work in newspaper offices, know that the University of Illinois Public Information Office puts out a Clippingsheet, sent to newspapers, containing Quotable Quotes gleaned from papers all over the state.

Our Editor, Jay (Flash) Nash, recently "made" this publication with one of his weightier editorial comments in The Antioch News.

The portion of the editorial which the University of Illinois deemed worthy of passing along to other papers was the following quote—"The great apathy connected with our society today is the fact that it remains dormant, unprotesting, without the traditional concepts of honor and dignity. It is exactly this type of attitude that allows for the existence of the degrading elements of man to flourish."

The quote is from an editorial titled "The Great Social Decay" in the May 10 issue of The Antioch News. The editorial dealt with the problem of taverns which sold liquor to minors. We're all inclined to judge the worth of things, includ-

marshals deserve a mention for a "really big" parade!

Here's an honorable mention list for some of the silent "behind the scenes" workers, Pres. Reckers (for the Aqua Center float), Doc Al Bucar (who kept everybody busy), Bob Avery (Master of the Pot Parade), Joe Allen (Beauty Pageant organizer), Ralph Gresens and Joe Pat (for coming up with a Lions Club float at the last minute) and to everyone who helped make it a huge success!

Heard that a group of merchants are planning another Maxwell St. Day. Many people have been asking, so thought I'd pass along the info!

Please keep me informed about what's new every day! Annie Mae

THE ANTIOCH NEWS 2

ing the quality of editorial, by the size of the organization behind them. The bigger the paper, the better the editorial must be. It isn't necessarily so. Better read our editorials in the future. You never know when you may be missing something really good.

Letters to the Editor

July 9, 1962

Antioch News
928 Main St.
Antioch, Ill.

Dear Jay and Howard:

On behalf of the Antioch Lions Club, I want to thank you for your invaluable help in promoting the Antioch Summer Festival. Your fine coverage of the Festival program of events contributed immeasurably to the excellent response the events enjoyed.

Your editorials have been most complimentary to the Lions Legion, Moose, Jaycees and Fire Department. It has been a pleasure for our Lions Club to have worked together with those groups. The energy and enthusiasm of everyone concerned was gratifying. We are grateful to the thousands who attended the Festival and in effect made the Festival the great success it was. Without them our work would have been in vain.

Thanks again to everyone at the News office for their support and encouragement.

A special thanks to Jay Nash for the many hours spent working as the festival publicity manager.

Sincerely yours,
A. A. Bucar, O.D.
Lions Club President

Your Governor Reports

by OTTO KERNER

A two-day seminar—"Operation Improvement"—the second of its kind will be held at my request July 23 and 24. Its purpose is to instruct administrative personnel in state government in improvement of management techniques. Floyd W. Simerson, a widely known authority on administrative procedures, will conduct the seminar. Attending will be assistant directors, executive assistants, division heads and personnel in administrative positions.

The first seminar, conducted by Mr. Simerson in April, was attended by department directors and chairmen of major commissions. It consisted of an intensive 19-hour course of instruction. The top-level state officials who attended this seminar believed it of such value that it should be repeated for the benefit of their assistants and division superintendents.

I believe that efficiency in operation of state government is paramount to the best interests of the people of Illinois. We must continually strive to attain that degree of proficiency that allows us to provide the best possible services in the most

economical manner. At a time when the state is confronted with financial problems, the need for economy and efficiency of operation is vividly apparent.

The course of instruction covers such subjects as attitude, communication, morale, supervision and office methods and procedures. Private industry has long recognized the need for a continuing program of improvement among its executives and employees. Private industry and government differ in that industry strives to make a profit. There is no reason why government cannot operate as efficiently as industry, so that it can attain its objective of providing for the health, welfare and protection of its citizens in ways and means equal to industry in its efficient operation.

It is for these reasons that I have arranged for these special courses for administrative personnel of the state. These "Operation Improvement" seminars will be followed by other training sessions which are designed to help state personnel perform their duties to their fullest capacities and in the most efficient manner possible.

Something for...

(continued from page 1)

July 26, 27, and 28, will be the spectacular fireworks display presented at the Lake County fair. The fireworks display has become known as one of the most gigantic presentations seen anywhere. Thousands of visitors return each year to thrill to the aerial and ground displays.

Fairgoers will enjoy the giant livestock parade on Saturday, July 26, starting at 7:15 p.m. and on Sunday afternoon at 4 p.m. The parade will be led by Miss Lake County Fair Queen of 1962 and her court of beauties. Following this is the feminine charm parade of the hundreds of head of blue ribbon and champion dairy cattle, beef cattle, sheep, and swine led by their proud adult and 4-H club member exhibitors.

Tractor Pulling Contest
The tractor pulling contest replaces the horse pulling contest which was popular for many years. This event will be held Friday afternoon, July 27, at 2 p.m.

Many Youth Exhibits
Thousands of exhibits by Lake County's more than 1700 4-H club members will be an important part of this year's show.

In addition to the exhibits, the agricultural club members will present a horse show starting at 10 a.m., Wednesday, July 25, and a dog show, including performance and action, on Friday, July 26 at 9 a.m.

Other Exhibits
In addition to the 4-H Club exhibits and the livestock exhibits, there will be thousands of other exhibits and displays by farmers, homemakers, and hobbyists. Farmers and gardeners will display the best grain, vegetables, fruits, and flowers from their farms and backyard gardens. Homemakers and hobbyists will present their best handiworks of 1962. In the fine arts show will be seen the best in oil, water colors, and other media

THE ANTIPOCH NEWS

THURSDAY, JULY 17, 1962

by adult and juvenile artists. Judging of exhibits will start at 10 a.m. Wednesday, July 25, the opening day of the fair. All exhibits except dairy, sheep, hogs and open class rabbits will be judged the opening day. Ribbons attached to the exhibits by the judges and clerks will indicate the judge's placings.

Judging of dairy will start at 9 a.m. Thursday, July 26. Beef cattle and sheep will be judged on Friday, July 27, starting at 9 a.m. Hog judging will start at 1:30 p.m. on Friday, July 27.

Judging of open class rabbits will start Saturday at 9 a.m. The All-Shetland pony show will be judged on Saturday, July 28, starting with the performance classes at 1:30.

Judging of the horse show will start at 9:30 Sunday, July 29, with the halter classes. The performance classes will start at 1 p.m.

Public Auction Planned
A public auction, Saturday, July 28, includes grand champion, reserve, champion steers and barrows and wether lambs. The show will take place in the fair's livestock area at 2 p.m.

Ample Parking Space
E. E. Elsbury, President of the Fair Association, states that there will be plenty of parking space available on the grounds. Access to the grounds can be made at two entrances located a half mile north or a half mile west of the junction of Routes 45 and 120.

Shetland Pony Show at Lake County Fair
Highlighting the Lake County Fair program on Saturday, July 28, will be the Class A, All-Shetland Pony Show. The show will start with the performance classes at 1:30 p.m.

Approximately 200 outstanding ponies from Illinois, Wisconsin, Indiana and Iowa will participate in the show. This show is conducted in accordance with rules and regulations of the American

PROUD WINNERS of the Moose-sponsored Pet Show are (left to right) Patti Wilton, Patti Carter, Martha Major (holding), Krista Barlow, Diana Wallman, Jerri Carter and friends. Another winner, Rennie Pogosa, is not shown. (Antioch News Photo)

OVER A HUNDRED persons gathered to view the odd assortment of pets displayed in competition at the Moose Pet Show last Wednesday, July 4th. The Moose-sponsored contest was held in the public parking lot next to the carnival.

Shetland Pony Club. There will be 19 performance events, including ponies hitched to two-wheeled and four-wheeled vehicles, and fancy turnouts in gaily decorated vehicles with riders dressed in formal attire.

Visitors to the fair will be amazed at the skill with which the drivers maneuver the colorful roadsters around the show ring. This is one show that will delight and thrill the youngsters as well as adults.

Shetland Pony breeders who desire more information about the show should con-

PROPAGANDA
"For those who shudder at the word 'propaganda', remember that it started off in life well enough — having been coined by the church to mean 'propagation of the faith.' — Momen Progress-Reporter.

There are 1,663 Scouting Units in the Chicago Area Council: 656 Cub Packs, 728 Boy Scout Troops and 279 Explorer Units.

fact the superintendent, Mr. Richard Jenkins, at 907 Belle Plaine, Gurnee, Ill.; Telephone Ontario 2-1472.

Goats, Pigs, Dogs, Cats, All Displayed in Pet Show

The Moose-sponsored Pet Show held last week at the Antioch Summer Festival grounds drew hundreds of parents, children and spectators to view the odd assortment of children's pets.

Grand prize trophy went to Martha Major of Antioch with a white guinea pig. The most unusual award for a pet went to Diana Wallman of Silver Lake who brought a white milk.

Three canine awards went to Patti and Jerri Carter, both of Dayton, Ohio, and Patti Wilton of Antioch.

Included in the other classification awards were Rennie Pogosa with a pet rabbit and Krista Barlow with a feline entry.

Robert Avery, chairman of the Antioch Moose Civic Affairs committee, stated that he was deeply appreciative of the cooperation received from all the entries. He added that the judges of the contest were hard-put for decisions. They reported that many more of the children and pets were deserving of prizes.

Food Market Summary

Beef, poultry and an array of locally grown produce items are better values in area stores this week.

General retail meat prices hold to patterns set last week, although some promotional quotes were trimmed a bit on the lower side of the ranges as dealers took full advantage of making their own feature selections.

Produce costs, with a few exceptions, plunged with the influx of local production and limited demand.

The University of Illinois consumer service signals these consensus values for the marketing period ending July 14:

Poultry — fryers, large eggs; Meats — beef chuck roasts, round steak, ground beef; Produce — Green beans, sweetcorn, squash, cabbage, cucumbers, cantaloupe, Florida grapefruit, grapes and blueberries.

Blueberries are a better value, as volume swells from New Jersey, Michigan and Illinois. Strawberries are higher and beginning to phase out. Peaches are in lighter supply. Florida citrus, western grapes and cherries are rated better buys. Cantaloupe is cheap now but

expected to be even cheaper in August when heavy California production peaks. Cooking apples from the new crop drop in price.

Escarole, endive and other salad greens now rate the reasonable nod, except for California grown peppers are firm. Sweetcorn is quite reasonable. New sweet potatoes are high along with the rest of the potato family. Tomatoes range widely in quality, and are relatively high. Asparagus has run its course for the season.

St. Ignatius Church News

The annual rummage sale of the St. Ignatius Episcopal Church of Antioch will be held on July 13 and 14 this year. Mrs. John Horan is chairman of this event, and anyone wishing to contribute items can call her at 395-0645.

The breakfasts following the 8 a.m. Mass proved so popular that it has been decided that they will be made a regular event on the first Sunday of every month.

Meetings of the Women's Auxiliary of St. Ignatius are scheduled for July 11 and 24, at 8 p.m. The Parish Vestry meets on July 12 at 8 p.m.

\$315,000 Bond

(Continued from Page One)

plans obstruct the course of Sequoit Creek. The board also annexed lot 24 in Rinear Subdivision into the Village. The 4.9 acre area is located on the east side of Anita Avenue adjoining Sequoit Acres and Depot Street.

A vacation ordinance was also passed by the board on property in Currier Subdivision. The property will be reappportioned for further development.

A petition requesting annexation into the village was filed by Elmer L. Hunter, Homer LaPlant and Dr. Geo. Jensen who own property along Rte. 173 on both north and south sides. The petition was placed on file by the village clerk pending agreement of the annexation from other property holders in that area.

Palaske Resigns Position
Local businessman George Palaske resigned his position on the Planning and Zoning Board without an announced successor. Palaske stated that business commitments did not allow enough time for proper attendance at the board's night meetings.

Permission was given to the Gospel Mission Church of Zion to hold hymnal meetings from 7 to 8 p.m. on Friday nights at the village park on Broadway. The group will be allowed this time on a trial basis.

The group's permit will be revoked should their activities interfere with traffic or if substantial objections on the part of citizens be made.

"The conflict between Communism and freedom is the problem of our time. It overshadows all other problems, this conflict mirrors our age, its toils, its tensions, its troubles, and its tasks, on the outcome of this conflict depends the future of Mankind." — Helper, Utah Journal.

Nearly 10,800 acres are in the six Scout camps of the Chicago Area Council.

"WHY TAKE LESS"

Former Judge Backs Judicial Amendment

One of the principal opponents of the Judicial Amendment, narrowly defeated in 1958, has announced he will support the Judicial Amendment to be submitted to Illinois voters on the Blue Ballot this November.

Irving Elserman, former president of the Cook County Association of Justices of the Peace and Police Magistrates and former Justice of the Peace for 14 years, declared in a statement released by the Committee for Modern Courts that he has become convinced judicial officers at every level are hamstrung from doing a good job by Illinois' out-of-date court system.

"I have come to the conclusion," Elserman declared, "that the present Justices, Police Magistrates and Justices of the Peace, as diligently and resolutely as they may try, cannot do their best and perform as they should and would want to under a judicial system as provided for under our Constitution of 1870, and present legislation. What was satisfactory for conditions in 1870 is clearly inadequate for the Illinois of 1962."

"I also opposed the 1958 amendment because I believed that the Police Magistrate and Justice of the Peace Courts could be improved by legislation without an amendment. I actively worked to obtain new legislation from the Illinois State Legislature, and much legislation was adopted. Despite the new legislation the Justice of the Peace and Police Magistrate Courts have been unable to function as courts should."

In his statement, Elserman declared, "I still believe that Justices and Magistrates at the local level are important to our judicial structure and will continue to be such. I opposed the 1958 amendment because it did not provide for election of Magistrates on the local level to be appointed by the Circuit Court in lieu of Justices of the Peace and Police Magistrates. I have been advised by responsible members of the Chicago Bar Association and the Illinois Bar Association and other responsible persons vitally interested in our judicial structure that all influence will be exerted to cause the Circuit Court to appoint qualified Magistrates for the local level. This means that the Circuit Court Judges will have a responsibility to the public to see to it that qualified Justices of the Peace and Police Magistrates are retained and appointed as Magistrates. Magistrates under the 1962 proposed Amendment will have a great responsibility and more work as they will be an integrated arm of the Circuit Court, and

their courts will be courts of record and not as now where the Justices of the Peace and Police Magistrate Courts are not courts of record.

With proper appointments and supervision by the Circuit Court, the position of the Magistrates, who will take the place of Police Magistrates and Justices of the Peace, will become more respectable and more important than ever before, and such Magistrates will be able to perform their duties efficiently and with dignity and respect."

Elserman urged all Justices of the Peace and Police Magistrates to "join in supporting the 1962 proposed amendment, the support of all voters, including Justices of the Peace and Police Magistrates. It is a special obligation of Justices of the Peace as judicial officers to bend every effort to obtain prompt and proper justice for all."

Elserman also praised provisions in the 1962 Article having to do with tenure of judges and court unification. "I opposed the 1958 Judicial Amendment," said Elserman, "because it did not give Judges independence by having tenure of office, and it did not give Judges the right to run for reelection on their records. The present proposed amendment accomplishes these things."

"The proposed Amendment will also consolidate the numerous courts now existing into one Circuit Court. This will streamline all of the judicial activities and will help clean up the shameful backlog of cases."

CLEAN UP
"If all of us kept our properties looking neat and clean, the year around, there would be no need for the annual Spring cleanup effort. However, some of us do not."

"Therefore, no better time can be found than the present for our community to clean its face and present a better appearance to the world at large. It is strange how the little things affect a visitor. His judgment of a community is based upon many small impressions."

"Let us put our best foot forward." — Gibson City Courier.

Marathon Driving Threatens Mishaps

Marathon driving is a deadly enemy of the vacationing motorist, cautions J. J. Cavanagh, president of the Chicago Motor Club. "Many motorists, traveling on limited time and financial resources, try to pack the maximum amount of driving into their vacation," he said. "This greatly increases the chance for a traffic accident."

Cavanagh pointed out that the driver who tries to set an endurance record on his vacation trip runs the risk of extreme fatigue which reduces alertness and reaction time. He offered the following safety tips for those planning a motoring vacation:

—Start your daily trip early in the morning so that you can stop early. It's a

safe rule not to drive more than seven hours a day. Longer driving stints are dangerous.

—During the trip, stop approximately every two hours for rest and refreshment. This helps you maintain your driving efficiency.

—If more than one passenger in your car can drive, take regular turns behind the wheel.

—To avoid drowsiness and highway hypnosis—constant threats on long trips—talk with others in the car or listen to snappy music on the car radio. Also, avoid heavy meals during your trip.

—Always let moderation be your guide. Remember—It's better to cover a few less miles on your trip and return home safe and sound.

X-Ray Unit Here July 31

The Lake County Tuberculosis Association Mobile Unit will be in Antioch on July 31. The unit will be stationed at Williams Hardware store, at 910 Main St., from 2-5 and from 6-8:30 p.m.

The chest X-Ray is free and only takes a minute. Any person 18 years of age or older is eligible to have a chest X-Ray, which can discover tuberculosis, heart disease, cancer and other respiratory conditions.

After having your X-Ray, a report is sent to the individual within 3 or 4 weeks. Negative X-Ray reports from the Mobile Unit may be presented to the Board of Health for health permits.

The X-Rays are paid for through the purchase of Christmas seals in Lake County and no solicitation is made at the time of X-Raying.

Mrs. William Brook of Antioch is handling the details of the survey.

Boy Struck By Car Of Antioch Man

A car driven by Vincent Nauseda of Antioch hit a 3-year-old boy, James Rogan, near Half Day at about 2:30 p.m. Tuesday, July 10.

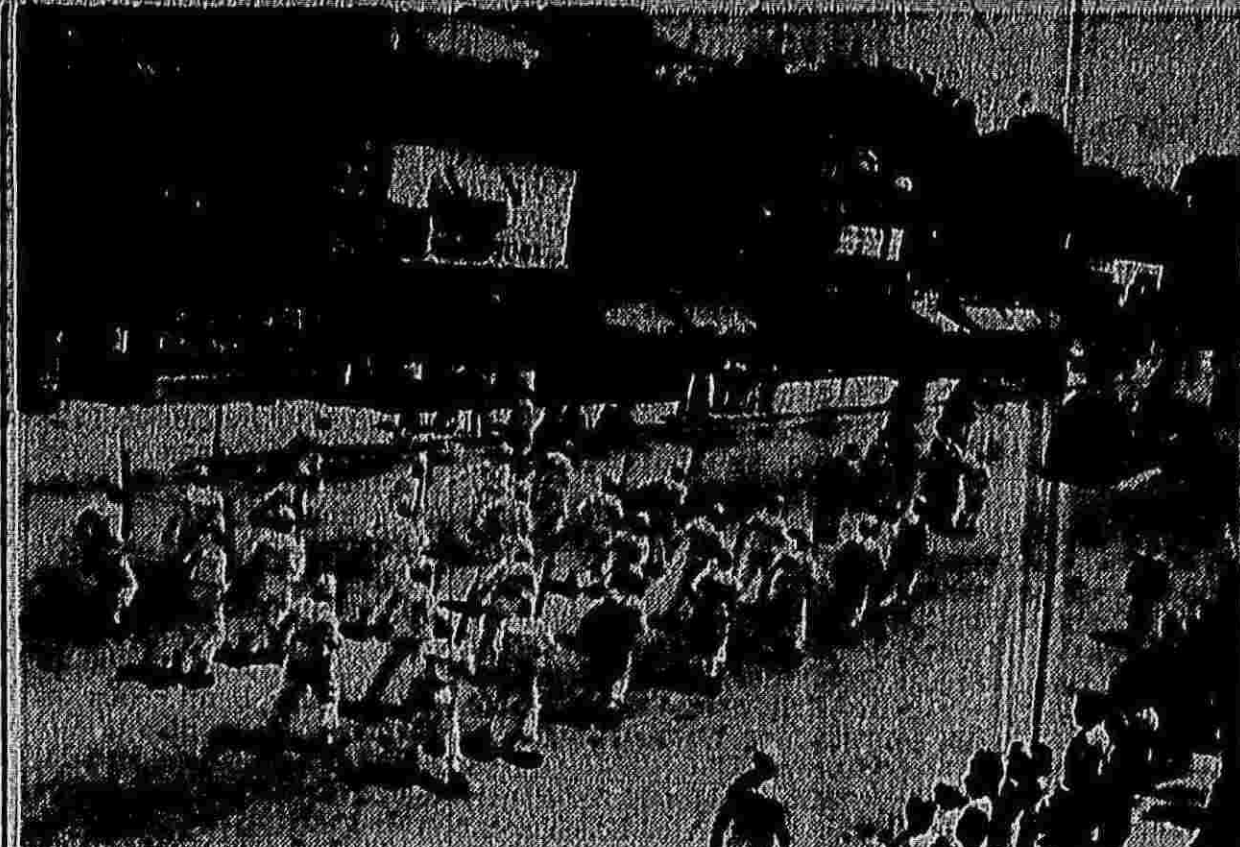

The boy was taken to Condon Memorial Hospital in Libertyville after the accident. The extent of his injuries was not known.

Nauseda said he was traveling about 30 miles an hour, and slowing down as the car ahead of him slowed approaching Route 45. The boy, Nauseda said, ran from the high weeds along the road and in front of him. Nauseda's car left skid marks for 40 feet and the boy was hit by the left front bumper of the car.

The accident occurred in front of the Rogan boy's home.

INJURES BACK

K-12, Agenda At Central

In addition to the routine agenda at the annual meeting of the voters of the Central High School District on July 16, several other items will be discussed.

The K-12 committee will report its findings after a series of many meetings since last summer. No vote on K-12 is anticipated at the annual meeting. Andrew Revers is chairman of the committee.

Two other items will also be presented by the Board of Education. One has to do with the Woodworth school district that has petitioned to attach the two sections in Pleasant Prairie township to the Central High School district. Another item on the agenda will be the application of the State Highway

HORSE HURTS WOMAN

Sheila Jensen, while representing the Old Orchard horse farm in the parade Sunday, was injured when her horse toppled over on her after being frightened by a running motor.

Miss Jensen injured her left arm and was treated by Dr. Abderholden in his office after the rescue squad picked her up.

RESCUE SQUAD CALLED

Mrs. Richard Carter, 35, after suffering chest pains July 1, was treated in her home by the Antioch Rescue Squad and Dr. Abderholden.

The squad was called by her father, Nason Sibley, to the east shore of Bluff Lake where Mrs. Carter was staying. She is a resident of Dayton, Ohio.

VISITOR FAINTS

The Antioch Rescue Squad was called to George Diamond's to attend Mrs. Marie Yenke, 74, who suffered a fainting spell last Wednesday at 4:10 p.m.

Mrs. Yenke, a resident of Chicago, was taken to Victory Memorial Hospital and received attention from Dr. Abderholden.

to be treated by the Rescue Squad.

The Rescue Squad was called at 10:30 a.m. and removed Buszta to St. Theresa Hospital where he was attended by Dr. Abderholden.

Lake County Queen Contest

Following is an official entry blank in the 1962 Lake County Fair Queen Contest. All single girls from Lake County are eligible who were 16 as of Dec. 31, 1961, and not older than 22 as of the same date.

The deadline for entering is Wednesday, July 18, 1962. The queen will receive a trip to Miami, Fla., for 2 persons, aboard a Delta airliner, and other prizes.

ANTIOCH GARDEN CLUB MEETS

The Antioch Garden Club will meet at the home of Mrs. Walter Thompson, Spring Grove, on July 23 at 12:30 p.m. for their monthly meeting and pot luck luncheon.

Since much of the preliminary work for the Fifth Annual Flower Show has been done by individuals and committees, the afternoon program will consist of discussions and making final arrangements for the show, which will be held on August 23 and 24, at Wesley Hall, Methodist Church, Main St., Antioch.

This is an important meeting and all members are urged to attend.

Commission to get an easement for Highway 43 through the school forest on the Bong base. The Board of Education feels these issues should be brought to the attention of the voters.

The board vacancies will be filled. Incumbent Peter Fox has filed his candidacy to represent Brighton township. Bryant Benson, the present board director, has declined to run again and Stuart Waldo of Bristol has announced his candidacy for Bristol township. Voting hours are from six to eight o'clock and the regular annual meeting is at 8 p.m. Copies of the financial statement and budget are available at the school office.

Teen Talent Show

At Grand High

The finest talent in the Fox Lake District will be at the Grand Community High School in Fox Lake, on Saturday night, July 14, at 8 p.m. to compete for a free trip to Hollywood and many other prizes sponsored by the Coca-Cola Bottling Company of Chicago. The show is sponsored locally by the Fox Lake Chamber of Commerce, and sanctioned by the Talented Teen Foundation.

Competition will be kept in all divisions. Among the singers in competition will be Heath Huntley of Wood Dale, Ill., Judith Rollin of Lake Villa, Carol Mills of Elmhurst, Lynda Pike of Fox Lake, Judy Sommerfield, Sheryl Crittendon and Beverly Baker.

Bill Raebie will compete in the dancing division, and also as a team with his partner, Joyce Dumelle; Camille Boych will tap dance; and Kathy Deere and partner will do an adagio dance. Dyanne Cody will compete, as well as Nancy O'Dette and Cheryl Delfino. There will also be three acts from the Nancy Gardner dancing school.

Two combos, the Starliners and The Richmans, will compete in the musical division. Judith Lechner of Fox Lake will play the organ, and John Klybor, an accordionist, will also perform.

The Talented Teen Foundation is a non-profit organization dedicated to the advancement of the gifted youth of America. Any teen ager who would like to join a Talented Teen Club should write to the foundation for application blanks, Box 142, Itasca, Illinois.

Famous names will be on hand to do the judging.

Eroded, gully-ridden slopes in southern Illinois can be changed to profit-producing land with pines, reports a university of Illinois forester.

Members of the Club prepared exhibits of food they had prepared and clothing they had sewed.

Virginia White was selected to represent the Club in the Lake County 4-H Food Demonstration to be held on July 17 at the Farm Bureau building. Mary Paulsen was selected as alternate and other members demonstrating were Cheryl Denman and Patricia Denman. Judges for the demonstration were Mrs. James Lahey, a former 4-H leader, Mrs. Clarence Naffziger, County 4-H chairman and Miss Rachel Naffziger, member of Howe 4-H Club.

Jane Higginson, president of the Millburn Maidens was mistress of ceremonies.

Refreshments were served at the close of the program by Donna Truax, Sandra Snell and Ann Burke, members of the 4-H club. Mrs. Robert Burke and Mrs. William Paulsen are leaders of the club.

Lt. J.G. Samuel Wayne Bailey, son of Mr. and Mrs. S. W. Bailey on Millburn road, came home Friday after serving in the Navy for 3 1/2 years.

Mr. and Mrs. Louis Stucker and son of Wheaton, Ill., and Dr. Dorothy Bailey with Mr. and Mrs. Samuel W. Bailey were dinner guests of Dr. and Mrs. Charles Solar of Antioch, Wednesday, July 4.

Black & White Show July 12

Lake County Holstein

breeders will show the county's top Holsteins at the County Fair Grounds on Thursday, July 12, starting at 7 p.m.

The public is invited to come and see this exhibition of the best of this popular breed of dairy cattle.

In spite of the decline in numbers of dairy farms in recent years, the quality of Lake County Holsteins remains near the top. It is expected that many of Thursday night's winners will go on to win state and national honors.

News of Lakesports

Track Records Broken By Karry, Dodd At Wilmot

Two track records were broken as the Kenosha County Speedway, Wilmot, Wis., presented its most thrilling night of races in the 1962 season recently.

Bob Karry, Waukegan current point leader, set a new track record in the feature as he stretched out his point lead for the 1962 season. His record time was 7:53.60.

Carl Kulow, Plymouth, Wis., returned after a long absence and finished second. Third was Fred Reynolds, Milwaukee; fourth was Bill Strom, West Allis; and Ted Shuster of Kenosha was fifth.

Ed Stillman, who won last week's feature, set fast qualifying time of the night with a time of 18.63 seconds and started last in the feature, worked his way up to third and then developed engine trouble and had to settle back for sixth position as the checkered flag fell to Karry. Stillman is second in point standings.

Jr. Dodd, Waukegan, set a new track record in winning the 10 lap heat race for the fastest qualifiers with a

Sky Divers Show Sat.

The public is invited to attend the First Annual Sport Parachute Meet of the Chicago Sky Diving Club on July 14 and 15 at Campbell Airport in Grayslake.

There will be both individual and team competitions in this unusual sport. All contestants are members of the Parachute Club of America and will represent nine states. Four Army teams will also participate.

The events start at 9 a.m. and continue throughout the day. Refreshments are available on the grounds, and there will be a fried chicken dinner available on Saturday night.

Trophies will be awarded to first, second and third place winners of each event. There will also be a trophy for the jumper with the most points scored on all jumps and events. Plaques will be awarded to first, second and third place teams, determined by adding the points won by each man on a team.

The first event is a jump from 3,000 feet, with a possible score of 200 points; second event, a jump from 5,400 feet, with a possible 300 points; third event, a jump from 7,200 feet with a possible 500 points.

In each event, the jumper must delay the opening of his parachute by a given number of seconds, and land as close as possible to the center of the target area, losing points for each foot away from target he lands.

In the third event, several maneuvers during the fall must be completed.

Should the meet be rained out next Saturday, it will be held on July 21 and 22.

Reynolds Wins Twice: Wilmot

Freddie Reynolds of Milwaukee won the fourth heat race and then came back to stage a surprise win in the feature race at the Kenosha County Speedway in Wilmot on Saturday night. The wins put him into the first ten in point standings for the first time this year.

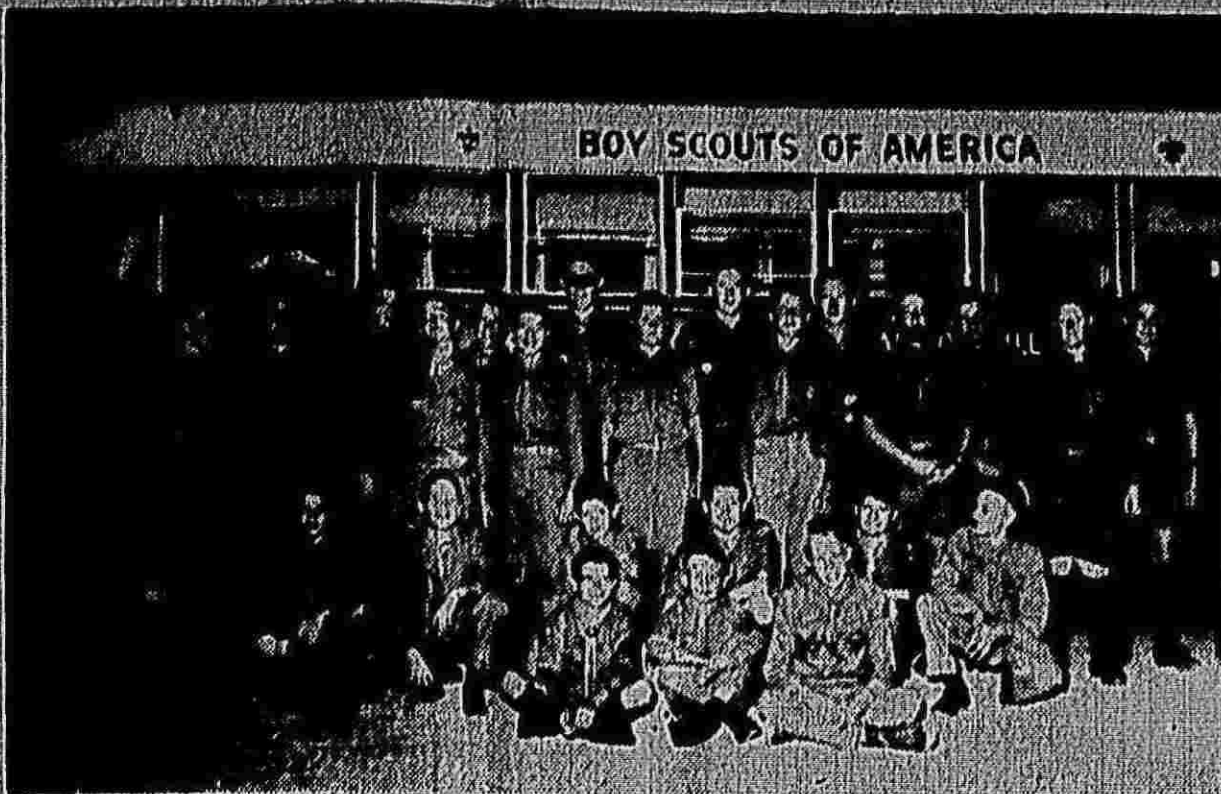

Bob Karry, Waukegan ace, continues to lead the point race for 1962 Championship honors with a fourth place finish in the feature. He followed Tom Ashenbrenner of Milwaukee and Don Scors of West Allis across the finish line in the feature. Don Scors also set fast qualifying time with a single lap average of 55 mph.

Heat race winners were Ken Crampton of Augusta, Mich., Ed Erving, Waukegan, Mel White, Kenosha, and Fred Reynolds.

The thrilling semi feature race was won by Rod Fuller of Kenosha as he battled and finally took the lead from Ken Crampton and Rich Bentley. Crampton later dropped out but Bentley took second.

The spectator cars continued to provide thrills and crashes. The heats were won by Bill Kline, Poll Lake and Mel Smith, Zion. The feature was won by Mike Wolff of Lake Villa.

Scouts Canada Bound

The Boy Scouts of Troop 92 left at 4 a.m. Friday, July 6, for a ten day camping trip at Fort Francis, Canada.

The boys and their adult leaders will travel to Fort Francis by bus, then fly to a point north of the town. They will return to Antioch on July 15.

In the picture above, taken at the Scout House, are: Front Row, Allen Kates, Terry Harrison, Major Hill, Dan Haley, Mike Davis, Pat Hofkamp, Jim Neyrink, Bernie Dost, Peter Kuzmickas, Back Row: Lowell Gier, Asst. Scoutmaster, Tom Wozniak, Jim Lubkeman, Ed Haley, Bob Davis, Rich Stronger, Bill Groeninger, Ron Patla, Frank Roblin, Jim Barnstable, George Kuzmickas, Arne Lubkeman, Joe Brill, Stan Kuzmickas, Jim Gier, Glen Oftedahl, and Asst. Scoutmaster Ed Hofkamp.

Not in the picture but going on the trip, are Bob Davis and Mike Haley, both Asst. Scoutmasters. Already in Canada, so not in the picture are Bill Johnson and his sons, Charlie and John.

Anybody Seen Suzie?

If you happen to catch a fish named Charlie in the near future, you're lucky. That is, if he's a Northern Pike.

Harvey, the Bass, and Suzie, the Bluegill, are also desirable catches. At first glance, they may look like common, ordinary fish, but they aren't.

Whoever manages to land "Charlie" (providing he's caught on a hook and line, and in compliance with state fishing regulations—no dynamite or spears, boys) will be the recipient of a 1962 Ford Falcon Station Wagon. And that makes Charlie just about the most popular fish in the Lakes Region.

Harvey's a pretty desirable character, too. He's worth \$1,000 in cash. The price on his head is not because of any anti-social characteristics—it's just because he happens to be wearing Tag No. 2.

Suzie's no gold digger—she's worth \$500 to anyone who can land her.

All these prizes, and many more, are being given to fishermen who catch tagged fish in the Pepsi Northern Illinois Chain-O-Lakes Fishing Derby. Several prize-winning fish have already been caught by expert anglers, but the big ones are still at large.

Some of the local fishermen who have hooked prize-winning fish are Charles Stankus of Rt. 3, Antioch; Larry Lang of Rt. 4, and Dale Crandall of Rt. 5.

THE ANTIOCH NEWS
THURSDAY, JULY 12, 1962

Antioch Loses One, Wins One

The Antioch Babe Ruth League team registered its first loss of the season last week with a score of 2-0. This left three teams tied for first place.

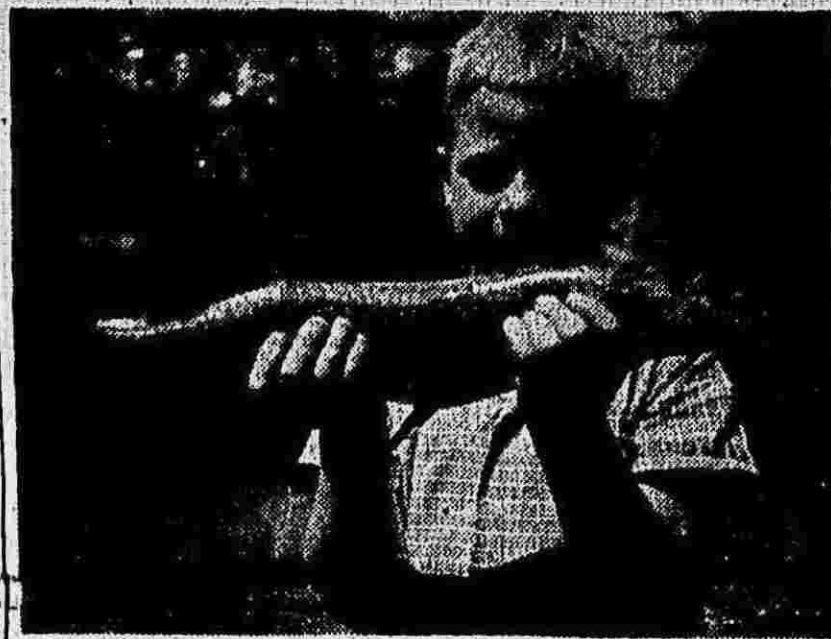

Antioch regained its first place position on June 30, when the boys crushed the Mundelein Bees by a score of 8-1, at Mundelein.

Jesse Inman and Vern Krogh were the big guns for Antioch on Saturday, with two hits and two runs batted in for each of them. In the field, Brandin Schafer made two brilliant plays, throwing a runner out at the plate and making a terrific running catch of a low line drive which could have been a three-run hit.

Bob Lenczewski pitched a 6 hit ball game. His earned run average is 0.18.

Northern is Nabbed by Petite Lake Boy

Curt Johnson, age 7, son of Mr. and Mrs. Walter Johnson, hooked a 22 1/4 pound Northern, Saturday, on the south shore of Petite Lake, using a shyster spinner. The fish was landed with a rod and reel. Curt's father had won in the Pepsi-Cola fishing derby last year. A permanent resident, Curt caught the Northern while trolling with his father. It was the second time the boy had gone fishing.

Safari For Bowmen Near McHenry

The Northern Illinois Bowmen are going big game hunting on Sunday, July 15. Everything from black widow spiders to elephants will be their targets, as they vie for trophies on their annual safari.

The game they'll be hunting isn't as dangerous as it sounds. The animals are really targets, drawn by Ed Wilson.

All bowmen are invited to attend and bring their families. Food and refreshments will be available. Registration will be at 7 a.m. to 1 p.m. To reach the safari grounds, take Route 120 out

of McHenry for 1 1/2 miles, turn left on Draper's Road, proceed about 3/4 mile, then turn right and continue to NIB sign and gate.

Lindenhurst News

By Mrs. Bernice Bernau
Editor 6-5449

The Lindenhurst Women's Club will meet Thursday evening, July 12, at the Civic Center on Old Elm Road, at 8 p.m. A bowling party with the members of the Men's Club slated to be Saturday, July 21, at 9 p.m., at the Grayslake Bowling Lanes will be discussed. Each person will pay their own line fee, but refreshments will be served free when they go back to the center.

Men's Club
Doug Ploss, Art Nelson, Ray Shepler and Milton Lazansky will be helping the Women's Club with their Hard Times Party.

Important Notice
Friday, July 13, and Friday, July 20 are the last two days that movies will be shown at the Lindenhurst Civic Center.

Picnic
The Lindenhurst Sportsmen's Club and Auxiliary held their family picnic at Willow Park in Third Lake on the Fourth of July.

Party
Terry and John Peacock, sponsors of the 1st place Saddle Inn Bowling team, treated the boys to dinner and refreshments recently at Saddle Inn. The boys and their wives who attended were Claude and Marie Anderson, Everett and Babe Standiford, Arthur and Josephine Heindl and Russ Carlson. Unable to attend were the Jim Wrays and Mrs. Carlson.

Vacationers
Mr. and Mrs. Leon Van Puyvelde of Detroit, Mich., are visiting their son, Achiel Minne, and his family for three weeks. Monday afternoon, "Gramps" 83 years old, wished he could go to Milwaukee Beach but had no way of getting there, other than walking, but that was out of the question, since he turned his ankle and could barely step on it. When the St. John boys, David, 11, and Dwayne, 9, heard his wish, they said they would take him in their little red wagon. The boys were well on their way when your correspond-

ent gave them a lift there. Don't know how they made the trip home.

Ruby Anniversary
Mr. and Mrs. Joseph Romano of Bristol, Wis., celebrated their 40th wedding anniversary July 2, with a family party at the home of their daughter, Mrs. Joseph LaBarbera, Sunday. Attending Mass with them at St. Scholastica Church in Bristol were the LaBarbera family, Richard Romano, his wife and two children from St. Louis, Robert Romano, his wife and six children from Niles, and Joe's father, Anthony LaBarbera. A daughter, Frances, who lives in San Jose, Calif., wasn't able to attend.

The family were all together for breakfast and dinner. The arrival of Richard and his family was a surprise.

Mental Health
Mrs. Claude Anderson, captain of the Mental Health drive in Lindenhurst, was notified that \$180.90 was raised during the recent canvass. The amount includes the donations that were mailed in, but not what was put in the bell containers in the stores.

"Night Owls"
Canasta winners at Pat Vrbas' home Friday evening were Helen Mindak who received a decorated serving plate, Ing Spiegler, four Terry dish towels and Pat Schartz, who received a pretty summer necklace. Pat also received a lovely assortment of baby gifts such as crib sheets, shirts, towel set, comb set, cute plastic toys, including a bank with coins in it and other baby items. Pat is expecting some time in July.

New Babies
Mr. and Mrs. Hubert English welcomed their third daughter and fifth child, July 1 at St. Therese Hospital, Waukegan. Little Miss Valerie Dee weighed 7 pounds 14 ounces when she arrived.

Their niece, Shirley Levandowski from Chicago, has been taking care of Sharon, Steven, Ricky and Penny, the past week and will stay another week.

The grandparents are Mr. and Mrs. John English and Victor Morrow of West Virginia.

Mr. and Mrs. Vernon Cook are receiving congratulations

on the birth of their third child, Jacqueline Rose. The little lady was born July 5 at St. Therese Hospital. She weighed in at 6 pounds, 8 ounces. The two older children are Michael, who celebrated his fourth birthday July 9 and Karen, who is 2.

The maternal grandparents are Mr. and Mrs. Anthony Repas of Waukegan. The paternal grandparents are James and Dora Cook of Houston, Texas. They formerly lived in Millburn.

Luncheon
Don't forget the Salad Bar luncheon and card party Wednesday, July 18, at the Prince of Peace church in Lake Villa. Lunch will be served at 12 noon. The affair is sponsored by the Altar and Rosary Society.

Hospital Patients
Mrs. Mary Lou Crutchen of Hazelwood Drive has been a patient at Victory Memorial Hospital for over a week. She had a bad cold that developed into pneumonia. When Mary Lou isn't a patient at Victory, she does postcard.

Mary Lou's mother, Mrs. Mina Claessens was released from St. Francis Hospital in Blue Island last Thursday, where she was a patient for about three weeks. She is recuperating from a hernia operation.

Six-year-old Michael Perkins of Hazelwood Drive was a patient at St. Therese for six days. The little fellow is allergic to weeds and suffers from them. He and his mother will be going out to Arizona soon to visit relatives and hope that the dry climate will help him.

Fish Fry
Every Friday, from now until Labor Day, from 5 p.m. until 9 p.m. St. Scholastica's Church in Bristol, Wis., will serve a fish fry, at the church, on Rte. 45 and Co. Trunk V.

Guest Pastor
Pastor C. Robert Pearson, his wife, Helen, and their three children Steven, David and Judy, are visiting his parents, Mr. and Mrs. H. Louis Pearson of 1914 East Elmwood Drive since July 1. Rev. Pearson was Dean of the Canadian Bible Institute in Camrose, Alberta, Canada, for five years and will be chaplain to University Lutheran students when he goes to the University of Vancouver, British Columbia, Canada, on August 6. The family will be living at the Lutheran student center. This is new work as far as the Lutheran Church is concerned, as this will be the first resident chapel of the Lutheran Church. During Pastor Harold Nelson's absence from St. Mark's last Sunday and next Sunday, Pastor Pearson is the guest pastor, and has been in charge of the worship services.

On the Fourth of July, Mr. and Mrs. Pearson entertained 57 friends and relatives. Some were from the Nebo Lutheran Church in Chicago, their former home congregation. Sunday 22 friends were guests.

The Rev. Mr. Pearson and his family will visit Mrs. Pearson's relatives in Wausa, Neb., when they leave here July 17.

Today's youngsters don't leave footprints on the sands of time—just tire tracks. —The Hickman County Times, Centerville, Tenn.

Channel Lake News

By Pearl Kapell
The William Scanlans returned last Friday from a week-long fishing trip in Minnesota. No fish, but lots of fun.

Bob Krieger, son of Mr. and Robert Krieger of Lake Catherine, is in Victory Memorial Hospital following surgery on his knee. Robert, a regular player on the High School basketball team last year and a captain of the team, injured his knee about two weeks ago. Torn cartilage and a slight fracture necessitated surgery. Robert has been in the hospital two weeks and expects to remain another week.

Robert graduated from Antioch High School in June, and expects to attend Trinity College this fall.

Thursday, July 19, is the date set for the old-fashioned hayride and cook-out sponsored by the Teen Club of Channel Lake. All wishing to attend should meet at Little Orchard Farm on Route 173 at 9 p.m. If you need a ride, be at the Channel Lake School at 8:30 p.m.

Radioman Larry Zerr, after spending a month's leave at the home of his parents, Mr. and Mrs. Edwin Zerr of Channel Lake, returned on June 28 to his station aboard the U.S.S. Reaper.

Larry and his parents made several trips while he was at home. They went to Stewardson, Ill., to visit Larry's grandmother, Mrs. Nora Zerr, and his aunt, Mrs. Rose Metzner, Jr.

The whole family made a trip to Phillip, Wis., and visited an uncle, Otto Wendt, at the Salburg Flouage and fished.

Horseshoes
Verne Heath, of Channel Lake Road at Channel Lake, would like some competition.

Verne invites anyone who has any interest in playing horseshoes, or would like to develop such an interest, to come to his home. Object, a contest of pitching skill.

Verne has a regulation, carefully maintained horse-

It Was All A Mistake

Secretary of State Charles F. Carpenter has announced the Drivers License Division of his office has rescinded the suspension of the license of Thomas N. McGowan, Jr., Spring Creek Road, Barrington.

This action was taken upon review of his record which disclosed that duplicate reports of a single conviction of speeding were received from the court of justice of the Peace Arthur Haggens of Barrington. McGowan does not, therefore, have three or more moving traffic violation convictions within one year.

Millburn News

By Mrs. Frank Edwards
(written for week of July 6)
Regular services at Millburn Congregational Church Sunday, July 8, Church services and Sunday School at 10 a.m. Mr. Sven Osterlund had charge of the services. Judy Rollin of Venetian Village was soloist.

The Rev. Gerardo Martinez recently from Cuba and now residing in Grayslake delivered the sermon. Special music was a duet by Mrs. John Weigel and Mr. Frank DeYoung.

The Devotional Study Group met at the home of Mrs. William Bonner of Grayslake.

shoe court, but is running out of opponents. His court is not just two stakes driven in the ground. The stakes are surrounded by pottery clay, carefully dampened and covered every night so that it remains at exactly the right degree of dampness.

Verne has all the paraphernalia needed—plenty of shoes, etc. Just bring yourself and a desire for a little healthful exercise in the open air.

State Police Have Openings

Applications from qualified candidates who aspire to be members of the Illinois State Police are being accepted until Aug. 31 by the State Police Merit Board, Chairman L. F. Tomlinson of West Frankfort has announced.

A prospective trooper must be at least 21 years of age but not more than 33. He must have a high school diploma or a high school equivalency certificate. He must be at least five feet, nine inches tall without shoes, but not over six feet, four inches, and must weigh not less than the minimum standard for his height nor more than the maximum.

Applications should be forwarded to the State Police Merit Board, Fifth Floor, Centennial Building, Springfield. Application blanks may be obtained by writing the board or by calling at one of the 16 state police district headquarters throughout the state.

Mrs. Elsa Lotz of Chicago has been spending several days at the home of Mr. and Mrs. Herbert Messner.

Mr. and Mrs. Clarence Hauser and daughter, Doreen of Paris Corners spent Sunday afternoon at the Frank Hauser home.

Joanne, David and Janet Squires of Madison, Wis., spent a recent week end with their grandparents, Mr. and Mrs. Garrett Trout. Mr. and Mrs. Reuben Squires spent Sunday at the Trout home and the grandchildren returned home with them.

Sharon and Shirley Hauser of Minominee, Mich., and July and Christy Engh of Wadsworth spent a few days recently with their grandmother, Mrs. Harley Clark.

Mr. and Mrs. Leslie Bonner, Mrs. Lyman Bonner and daughters, Nancy and Kathy, visited Mr. and Mrs. Victor Strang of Waukegan.

The Millburn Maidens 4-H held their Achievement night Thursday, July 3 at the Millburn school. Each member exhibited something from their projects. Refreshments were served.

Mr. and Mrs. Warren Edwards of Antioch and Mr. and

Truckers Pay Record High Tax

A new all-time high figure has been set in revenue collected from the truck licensing apportionment program, Secretary of State Charles F. Carpenter announced today.

Total collected as of June 30 was \$7,256,899.21. This figure exceeds the total collections for the whole year of 1960 by more than one million dollars.

Revenue received under the apportionment program was inaugurated in 1958. Secretary Carpenter said. Revenue attributable to apportionment in 1958 was \$2,485,000; in 1959 it was \$3,100,000; in 1960, \$5,500,000 and in 1961, over \$6,000,000.

The apportionment program, or proration plan, offers trucking firms the option of licensing a portion of their fleets in Illinois on the basis of their Illinois mileage to their total mileage.

The units licensed in Illinois receive full interstate and intrastate operating privileges in Illinois, while the balance of the fleet receives interstate operating privileges.

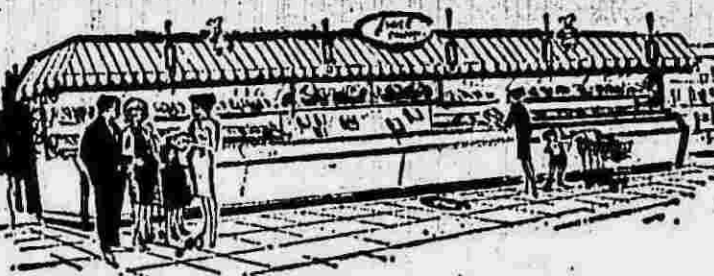

The apportionment program accommodates the needs and requirements of the trucking industry, promotes the free flow of commerce among the states, preserves individual state integrity in the administration of its highway laws and preserves the collection of adequate state revenue from the commercial highway user, Mr. Carpenter said.

Information
Deocracy cannot exist where the public is misinformed, misled, or kept in ignorance; newspapers are the source of information necessary in the conduct of our political, social and economic lives—Aledo Times Record.

Mr. and Mrs. Robert Smith of Libertyville were callers at the home of Mrs. Frank Edwards Sunday evening.

The first large salt water conversion plant, in Freeport, Texas, required 1875 tons of steel to build, says "Steel Facts."

Do It Well Or Not At All—

If your garden flowers need watering, it's better to give them a good soaking than just a light sprinkling.

According to G. M. Foster, University of Illinois floriculturist, a "good soaking" means soaking the ground down to a depth of six inches or more. Then do not water again until the soil has dried out fairly well.

As a general rule, flowers need about one inch of moisture per week for best performance. It's wise to depend as much as possible on rainfall.

If you water with a sprinkler, it is best to do it early in the morning or during the sunny hours, being sure the foliage is dry before nightfall. If you use a soak-hose, you can safely water in the evening since the leaves don't get wet.

"Most of the shadows that cross our path of life come from standing in our own light."—McLeansboro Times Leader.

Mr. and Mrs. Saver . . .

here's why it Pays to
Bank Your Savings
at the
State Bank of Antioch

These Facts Speak For Themselves —

● STRENGTH and STABILITY

Established in 1894 and with more than 10 million dollars in resources, our bank offers maximum safety for your savings.

● GUARANTEED INTEREST

ONLY a Commercial Bank, such as we are, can give you a definite, pre-established return on your savings dollar through a specified interest rate.

● AVAILABILITY of FUNDS

of all kinds of financial institutions. A Commercial Bank offers the saver the most immediate access to deposited funds.

● DEPOSITS versus SHARES

Having placed your Savings in a Commercial Bank, you are a Depositor with a guaranteed rate of return on your funds. Other institutions may accept funds by issuing shares with no guaranty of interest and with only a shareholder's right to participate in the fortunes of the organization.

● DEPOSITS INSURED by the FEDERAL DEPOSIT INSURANCE CORPORATION

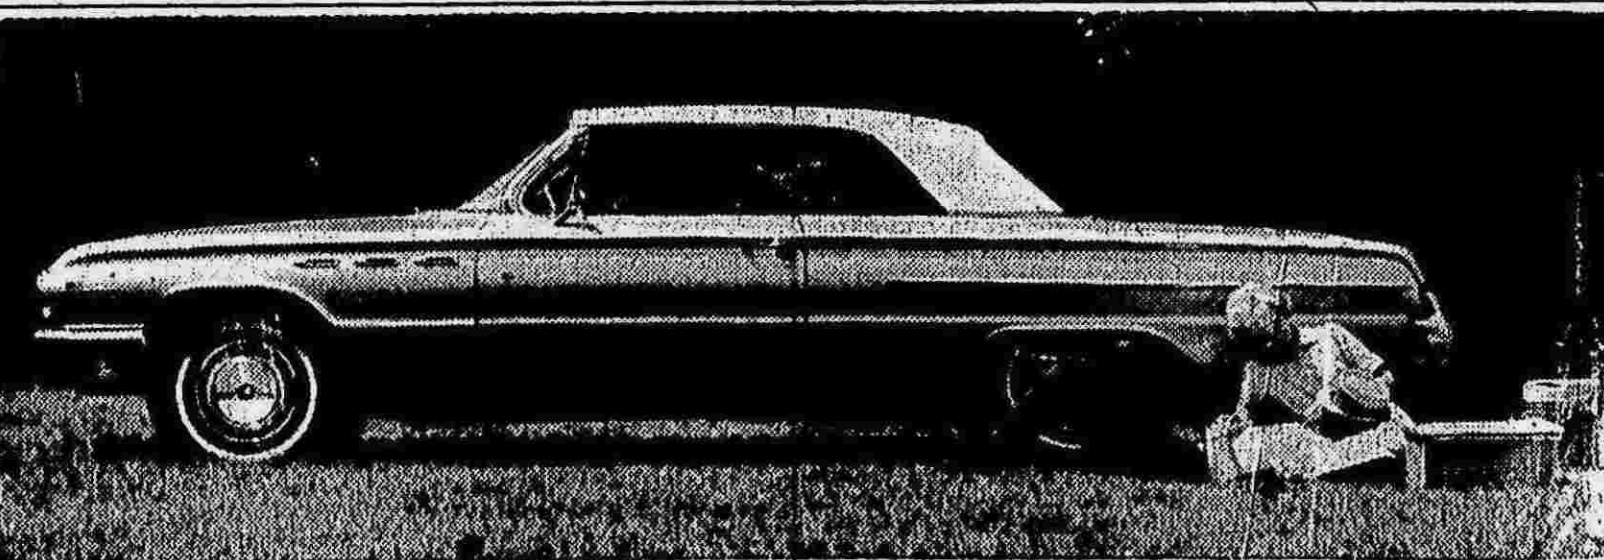

ONLY deposits in a Commercial Bank can be insured by this agency. We invite you to make a comparison.

Because we are a Full-Service Commercial Bank, we offer you a wider range of services than any other type of financial institution, you can satisfy all Your Banking Needs at The State Bank of Antioch.

ORDINANCE

(Continued from Page 10)

made hereto, except as hereinbefore provided, until all of said bonds and the interest thereon shall have been paid in full (or unless and until provision shall have been made for the payment thereof).

Section 14. That if at any time after the date of the execution of this ordinance, said bonds shall be executed as herein provided and be deposited with the Treasurer of said Village, and said Treasurer shall deliver said authorized Waterworks and Sewerage Revenue Bonds to M. B. Vick & Company, Chicago, Illinois, the purchaser thereof, upon receipt of the purchase price therefor, namely \$294,380.85, plus accrued interest to date of delivery thereof, in accordance with their proposal for the purchase thereof and the contract of sale heretofore entered into, which said contract of sale be and the same is hereby ratified, confirmed and approved.

Section 15. That from the proceeds of the sale of the \$315,000 Waterworks and Sewerage Revenue Bonds, which sale shall be at a selling price such that the interest rate to the municipality shall not exceed 6% per annum computed to maturity according to the standard table of bond values, the sum of not less than \$294,380.85, together with the other funds of the municipality legally available therefor, shall be deposited by the Village Treasurer in the "Construction Fund" Account of the Village of Antioch, which is hereby created, which funds shall be kept separate and apart from all other funds of the municipality and deposited in the First National Bank of Antioch, Antioch, Illinois, which said bank be and is hereby designated as the Depository for the funds of said Construction Fund Account. The accrued interest received from the sale of said bonds shall be deposited in the Bond and Interest Account heretofore created and used for the prompt and punctual payment of the interest on said bonds. Said funds in the "Construction Fund" Account of the Village of Antioch, shall be held and used solely to pay the cost of the improvements and extensions as provided for by this ordinance in accordance with the estimates, plans, files, maps, and specifications heretofore prepared for the purpose, for or in aid of the Village Clerk and upon to inspection of the public, and said funds shall be withdrawn from said Depository from time to time by the Village Treasurer only upon submission by him to said Depository of the following:

(a) A duplicate of the order signed by the President and Clerk stating specifically the purpose for which the order is issued and indicating that the purpose for which the order is issued has been approved by the President and Board of Trustees of the municipality.

(b) Each withdrawal of funds by the Treasurer for payment of real estate or assessments thereon, or for work done, or materials or services supplied in connection with the construction of said project shall also be accompanied by a certificate executed by the engineer in charge stating the nature of the work completed, or materials or services supplied, or in case of acquisition of real estate or an assessment thereon, the necessity therefor, and the amount due and payable thereon.

Within sixty days after completion of the work in accordance with the plans and specifications heretofore referred to, in this ordinance, and after all costs have been paid in connection with the construction thereof, the engineer shall certify to the Board of Trustees that the work has been completed according to plans and specifications, and upon approval by the Board of Trustees of the completion of the work based upon the engineer's certificate, and after all costs have been paid, the President, Clerk and Engineer shall execute a certificate and file it with the Depository certifying that the work has been completed in accordance with the plans and specifications, that all costs have been paid, and if at that time any funds remain in said Construction Fund Account the same shall be transmitted by said Depository to the Treasurer and be by said Treasurer deposited in the Bond and Interest Reserve Account.

The costs of engineering, legal and financial services, the costs

survey, designs, soundings, borings, rights of way, and all other necessary and incidental expenses shall be deemed items of cost of construction of the project.

Section 16. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

Section 17. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Section 18. This ordinance, within ten (10) days after its passage by the President and Board of Trustees and its approval by the Board of Trustees, shall be published once in The Antioch News, the same being a newspaper published in said Village and if no petition be filed with the Clerk of said Village within twenty-one (21) days after the publication of this ordinance by fifteen per cent (15%) of the number of electors voting for President of said Village at the last preceding general municipal election, requesting the submission of the proposition of making the improvements and issuing bonds herein provided for, then this ordinance shall be in full force and effect.

Passed by the President and Board of Trustees, on the 3rd day of July, 1962, and recorded, deposited and filed in the office of the Village Clerk of said Village this 3rd day of July, 1962.

Ayes: Herman Holbek, David H. Nissen, E. H. Glenn, H. Roger Williams, Edmund F. Vos and Raymond Taft.

Nays: None

Frozen Egg Dishes Soon

Many new egg products loom over the horizon for consumers, according to Hugh Johnson, University of Illinois extension poultry science specialist.

Instant scrambled eggs that can be prepared without cracking an egg or dirtying a frying pan are one of the egg products in the experimental stage. When they have been perfected, a homemaker can rip open a slim foil envelope, shake out a crisp yellow cracker-like square, add a few dashes of piping hot water and 80 seconds later serve a dish of scrambled eggs.

Another product in the experimental stage is frozen fried eggs. These are whole eggs that have been fried sunny side up and then frozen. The product needs

only be heated in a toaster and served.

Another new egg product, already on the market in some areas, is frozen French toast. It only needs heating before serving.

Vacation moods notwithstanding, sightseeing can be strenuous, especially on a hot, muggy day or after hours of travel, according to the Heart Council of Lake County. You'll enjoy everything more if you rest before becoming overly tired.

STATE OF ILLINOIS COUNTY OF LAKE
VILLAGE OF ANTIOCH
WATERWORKS AND SEWERAGE REVENUE BONDS

Number..... \$1,000

KNOW ALL MEN BY THESE PRESENTS, that the Village of Antioch, Lake County, Illinois, for value received, hereby promises to pay to bearer or to his or her assigns, as hereinafter provided, then to the registered holder hereof, solely in and to the Waterworks and Sewerage Fund of the Village of Antioch, Illinois, as hereinafter mentioned and not otherwise, the sum of **ONE THOUSAND DOLLARS (\$1,000.00)** on May 1, 1962, and thereafter with interest on said sum from date hereof until said date at the rate of four per cent (4%) per annum, payable on November 1, 1962, and semi-annually thereafter on the first days of May and November in each year upon presentation and surrender of the annexed interest coupons as they severally become due.

Both principal of and interest on this bond are hereby made payable in lawful money of the United States of America, at American National Bank and Trust Company of Chicago, in the City of Chicago, Illinois.

This bond and the series of which it forms a part is payable solely from revenues derived from the operation of the combined waterworks and sewerage system of said Village, and not otherwise, and is issued under authority of the provisions of Division 139 of Article II of the Illinois Municipal Code, effective July 1, 1961, and all laws amendatory thereof.

This bond is one of an authorized issue of Three Hundred Fifteen Thousand Dollars (\$315,000), numbered from 1 to 315, inclusive, of the denomination of One Thousand Dollars (\$1,000) each, of like date and tenor except as to maturity and privilege of redemption and of said bonds, bonds numbered 76 to 315, inclusive, in the aggregate amount of Two Hundred Forty Thousand Dollars (\$240,000) and maturing on May 1st of each of the years 1978 to 1997, inclusive, are redeemable at the option of the Village, prior to their maturity, at par value and accrued interest to the date of redemption; provided, however, in the event that any of said bonds numbered 1 through 75 shall first be redeemed before bond number 314 is redeemed, and so on, continuing such priority of redemption as to all bonds so redeemable. Notice of the redemption of any or all of said bonds which by their terms shall have become subject to redemption shall be given by the Village to the holder thereof.

known, by registered mail at least thirty (30) days prior to the date of redemption, or if the holder thereof be unknown, such notice shall be published at least once in a newspaper published and of general circulation in the City of Chicago, Illinois, the date of the publication of such notice to be not less than thirty (30) days prior to such redemption date, and when any or all of said bonds which by their terms

redemption date, and when any of said bonds are to be paid in full, the principal and interest thereon shall be subject to redemption, and payment prior to their maturity shall have been called for redemption, and payment made or provided for, interest thereon shall cease from and after the date so specified.

Under said Act and the ordinance adopted pursuant thereto, authorizing the issuance of this bond and the series of which it forms a part, the revenues from the operation of the combined water works and sewerage system of said Village, to be deposited in a separate fund, known as the "Waterworks and Sewerage Fund" of said Village, which shall be used only and is hereby pledged for paying the cost of operation and maintenance of said combined system, providing an adequate depreciation fund and paying the principal of and interest on the bonds of said Village that are issued under authority of said Act and are payable by their terms.

The combined water and sewerage system, and in making all payments required to maintain the accounts created under the terms of the ordinance pursuant to which this bond is issued.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the issuance of this bond have been done and have happened and have been performed in regular and due form of law, and that provision has been made for depositing in said Waterworks and Sewerage Fund the revenues received

from the operation of said combined waterworks and sewerage system to be applied in the manner as hereinabove set forth, and said Village hereby covenants and agrees that it will fix and maintain rates for the use and service of said combined waterworks and sewerage system and collect and account for revenues from said combined waterworks and sewerage system sufficient at all times to pay the cost of maintenance and operation of said combined system, provide an adequate depreciation fund, and to promptly pay principal of and interest on all bonds issued by said Village which by their terms are payable solely

This bond may be registered as to principal only in the name of the holder on the books of said Village in the office of the Village Treasurer, such registration to be evidenced by notation of said Treasurer on the back of said bond, which notation hereof shall be valid unless made in said books and similarly noted hereon, but it may be transferred from such registration by being transferred to bearer, after which it shall be transferable by delivery, but it may be again registered as before. The registration of this bond shall not restrict the negotiability of the coupons by delivery merely.

IN WITNESS WHEREOF, the said Village of Antioch, Lake County, Illinois, by its President and Board of Trustees, has caused this bond to be signed by its President, its corporate seal to be hereto affixed and attested by the Village Clerk, and the coupons hereto attached to

President, Village of Antioch,

Section 8. That upon the issuance of any of the Waterworks and Sewerage Revenue Bonds herein provided for, the entire combined municipal waterworks and sewerage system of said Village of Antioch, for the purpose of this ordinance, shall be operated on a fiscal year basis commencing the first day of May and ending the last day of April of each succeeding year. From and after the delivery of any bonds hereunder, the monies of this ordinance all the revenues from any source whatsoever derived from the operation and maintenance of the waterworks and sewerage system of said Village of Antioch, including all future improvements and extensions thereof, shall be set aside as collected and be deposited in a separate fund which is hereby created to be designated as the "Waterworks and Sewerage Fund" of the Village of Antioch, which shall constitute a trust fund for the sole purpose of carrying out the covenants, terms and conditions of this ordinance, and shall be used only for the reasonable cost of operation and maintenance of said combined waterworks and sewerage system, provide an adequate depreciation fund, and paying the principal and interest on said bonds.

Section 9. That there be and there are hereby created and established separate special accounts to be designated severally "Operation and Maintenance Account," "Depreciation Account," "Bond Interest Account," "Interest Account," "Interest Reserve Account," "Surplus Account," into which there shall be paid on the first business day of each month without any further official action, the following interest upon all revenue bonds of said Village of Antioch, and the interest on their terms are payable solely from the revenues derived from the combined waterworks and sewerage system of said Village; and for the creation and expenditure of the respective accounts as hereinafter provided for.

(a) There shall be paid into the Operation and Maintenance Account on the first business day of each month an amount

(b) There shall be paid into the Depreciation Account on the first business day of each month after the required payments have been made into the account above referred to, the sum of \$125 each month until such account aggregates the sum of \$50,000 and additional payments shall be made until the sum made into said account equal that which would be sufficient to pay the reasonable expense of operation, maintenance and repair of said combined waterworks and sewerage system for the next succeeding month, including, without limiting the generality of the foregoing, salaries, wages and costs of materials, supplies, insurance and power.

made into said account except that when any money is paid out of such account payments into such account shall be resumed and continued until such account has been restored to the aggregate amount of \$50,000.

long as the Bonds or any of them remain outstanding and unpaid,
as to principal or interest:

from the funds of said combined waterworks and sewerage system shall be used for their purpose and shall be treated as such. The Bond and Interest Account shall be credited with the amount of any withdrawal from said Account and so transferred to said Bond and Interest Account; the amount so transferred shall be added to the amount to be next and thereafter paid into said Depreciation Account until full reimbursement to said Account has been made. Each expenditure to be made from the Depreciation Account to pay the cost of necessary replacements and repairs to the system, as above provided, shall be paid out of the fund of said Depreciation Account; and for that purpose shall be paid to the engineering employees of that purpose having full authority to expend the same necessary to the continued effective and efficient operation of the combined waterworks and sewerage system of said Village.

There shall be paid into the Bond and Interest Account, on the first business day of each month, after the required payments have been made into the Accounts above established, an amount equal to one-sixth of the interest becoming due on all outstanding bonds payable from the revenues of said commonwealth, and the interest on the same, on the next succeeding interest payment date, and beginning on March 1, 1963, there shall be paid into the Bond and Interest Account on the first business day of each month an amount equal to one-twelfth of the principal of all of said bonds becoming due on the next succeeding principal maturity date, until there shall have been accumulated in the Bond and Interest Account on or before the day preceding such current maturity date of interest or principal, or both, an amount sufficient to pay such principal or interest, or both, of all bonds then maturing and maturing by their terms, on such current maturity date.

It is hereby determined that the minimum amounts to be set aside in the "Bond and Interest Account" in each fiscal year to be used for the purpose of paying the maturing principal of and interest accruing on the Revenue Bonds issued under the provisions of this ordinance shall be as follows:

First Year Ending	Subsequent
-------------------	------------

(d). That the Village will make and keep proper books and accounts (separate and apart from all other records and accounts of said Village) in which, complete entries shall be made of all transactions relating to said system, and hereby covenants that it will cause the books and accounts of said system to be audited annually by certified public accountants, showing the receipts and disbursements on account of said system, and that said audit will be available for inspection by the holders of any of the bonds. Each such audit in addition to whatever matters may be thought proper by the accountants to be included therein, may, without limiting the generality of the foregoing, include

1971	15,200
1972	16,000

1975	15,400
1976	17,300

1978	17,320
1979	17,280

1982	18,200
1983	17,800

1988	13,800
1989	15,400

ended in any fiscal year at such time as there shall be sufficient money in said account to pay principal and interest for the remainder of such fiscal year, but such payments shall again be resumed at the beginning of the new fiscal year. All moneys in said account shall be used only for the purpose of paying interest and principal on the bonds hereby authorized as the same shall become due.

Any and all sums received from the purchaser of the bonds as accrued interest thereon to date of delivery shall be paid into said Bond and Interest Account.

There shall be paid into the Bond and Interest Reserve Account on the first business day of each month, after the required payments have been made into the above referred to

All moneys remaining in the Waterworks and Sewerage

All moneys remaining in the Waterworks and Sewerage Fund of said Village, as established by this ordinance, after all payments into the respective accounts hereinabove in sub-paragraphs (a) to (d), inclusive, of this section, required to have been made shall have been made, including any deficiencies as hereinabove provided, shall be paid into the Surplus Account.

At the end of each fiscal year, as established by this ordinance, after having paid into accounts (a) to (d), inclusive, any deficiencies as hereinabove prescribed, not less than fifty per cent (50%) of the remaining amount in said Surplus Account shall be paid into the Bond Redemption Account.

All moneys so deposited shall be held and used only for the purpose of calling and redeeming prior to their maturity any outstanding bonds of said Village which by their terms are payable from the operation of the combined waterworks and sewerage system of said Village, as said bonds become re-

that moneys in each of the above created Accounts shall be separate and apart from all other funds and moneys of the Village of Antioch, Illinois, and the Operation and Maintenance Account and moneys in the Operation and Maintenance Account, above created shall be deposited with the State Bank of Antioch, Village of Antioch, Illinois, and moneys in all other Accounts established (excluding the Operation and Maintenance Account) shall be deposited in separate accounts with the First National Bank, Village of Antioch, Illinois.

Article 10. That it is hereby covenanted and agreed that the revenues of the combined waterworks and sewerage system are to be applied to the various special accounts hereinabove established and maintained in the order in which said accounts have been listed, and that if at any period of time the revenues are insufficient to place the required amounts in any of said accounts the deficiencies shall be made up during the following period or periods after payments into all the accounts have been made, no claim of revenues have been made in full.

holders of said bonds and coupons hereby authorized that a

ORDINANCE

(Continued from Page 10)

made hereto, except as hereinbefore provided, until all of said bonds and the interest thereon shall have been paid in full, or unless and until provision shall have been made for the payment thereof.

Section 14. That if any such bonds shall be sold, the ordinance becomes effective, said bonds shall be executed as herein provided, and be deposited with the Treasurer of said Village, and said Treasurer shall deliver said authorized Waterworks and Sewerage Revenue Bonds to M. B. Vick & Company, Chicago, Illinois, the purchaser thereof, upon receipt of the purchase price therefor, namely, \$294,380.85, plus accrued interest to date of delivery thereof, in accordance with their proposal for the purchase thereof and the contract of sale heretofore entered into, which said contract of sale be and the same is hereby ratified, confirmed and approved.

Section 15. That from the proceeds of the sale of the \$315,000 Waterworks and Sewerage Revenue Bonds, which sale shall be at a selling price such that the interest rate to the municipality shall not exceed 6% per annum computed to maturity according to the standard table of bond values, the sum of not less than \$294,380.85, together with the other funds of the municipality legally available therefor, shall be deposited by the Village Treasurer in the "Construction Fund" Account of the Village of Antioch, which is hereby created, which funds shall be kept separate and apart from all other funds of the municipality and deposited in the First National Bank of Antioch, Antioch, Illinois, which said bank and is hereby designated as the Depository for the funds of said Construction Fund Account. The accrued interest received from the sale of said bonds shall be deposited in the Bond and Interest Account heretofore created and used for the prompt and punctual payment of the interest on said bonds. Said funds in the "Construction Fund" Account of the Village of Antioch, shall be held and used solely to pay the cost of the improvements and extensions as provided for by this ordinance in accordance with the estimates, plans, files, maps, and specifications therefor prepared for that purpose, now on file with the Village Clerk, and open to inspection of the public, and said funds shall be withdrawn from said Depository from time to time by the Village Treasurer only upon submission by him to said Depository of the following:

(a) A duplicate of the order signed by the President and Clerk stating specifically the purpose for which the order is issued, and indicating that the purpose for which the order is issued has been approved by the President and Board of Trustees of the municipality; and

(b) Each withdrawal of funds by the Treasurer for payment of real estate or assessments thereon, or for work done, or materials or services supplied in connection with the construction of said project shall also be accompanied by a certificate of the engineer in charge of the project, certifying that the work completed, or materials or services supplied, or in case of acquisition of real estate, or payment thereon, is necessary therefor, and the amount due and payable thereon.

Within sixty days after completion of the work, in accordance with the plans and specifications, heretofore referred to in this ordinance, and after all costs have been paid in connection with the construction thereof, the engineer shall certify to the Board of Trustees that the work has been completed according to plans and specifications, and upon approval by the Board of Trustees of the work, the work shall be completed in accordance with the plans and specifications, that all costs have been paid, and if at that time any funds remain in said Construction Fund Account the same shall be transferred by said Depository to the Treasurer and be by said Treasurer deposited in the Bond and Interest Reserve Account.

The costs of engineering, legal and financial services, the costs

of surveys, designs, soundings, borings, rights of way, and all other necessary and incidental expenses shall be deemed items of cost of construction of the project.

Section 16. If any section, paragraph, clause or provision of this ordinance shall be held invalid, the validity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

Section 17. All ordinances, resolutions or orders, or parts thereof, in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Section 18. This ordinance, within ten (10) days after its passage by the President and Board of Trustees and its approval by the President, shall be published once in The Antioch News, the same being a newspaper published in said Village and if no petition is filed with the Clerk of said Village within twenty-one (21) days after the publication of this ordinance by fifteen per cent (15%) of the number of electors voting for President of said Village at the last preceding general municipal election, requesting the submission of the proposition of making the improvements and issuing bonds herein provided for, then this ordinance shall be in full force and effect.

Passed by the President and Board of Trustees, on the 3rd day of July, 1962, and recorded, deposited and filed in the office of the Village Clerk of said Village this 3rd day of July, 1962.

Ayes: Herman Hock, David L. Nissen, E. H. Glenn, H. Roger Williams, Edmund F. Vos and Raymond Toff.

Nays: None.

Frozen Egg Dishes Soon

Many new egg products loom over the horizon for consumers, according to Hugh Johnson, University of Illinois extension poultry science specialist.

Instant scrambled eggs that can be prepared without cracking an egg or dishing a frying pan are one of the egg products in the experimental stage. When they have been perfected, a homemaker can rip open a slim foil envelope, shake out a crisp yellow cracker-like square, add a few dashes of piping hot water and 60 seconds later serve a dish of scrambled eggs.

Another product in the experimental stage is frozen fried eggs. These are whole eggs that have been fried sunny side up and then frozen. The product needs

only be heated in a toaster and served.

Another new egg product, already on the market in some areas, is frozen French toast. It only needs heating before serving.

Vacation moods notwithstanding, sightseeing can be strenuous, especially on a hot, muggy day or after hours of travel, according to the Heart Council of Lake County. You'll enjoy everything more if you rest before becoming overly tired.

Lake Villa News

By Mrs. Fred Bartlett
Lake Villa, Ill. 63372

LAKE VILLA—The Altar and Rosary Society of the Prince of Peace Parish, Lake Villa, will hold their 4th annual Salad Bar luncheon and card party on Wednesday,

July 18, at the parish on Rte. 21 and Grand Ave. in Lake Villa, starting at noon. After a delicious luncheon, an afternoon of cards will be enjoyed. Games of bridge, pinocle, canasta and 500 will be played. Come and bring a neighbor—the more the merrier. Committee chairmen are Judith Gibbanks and Gabrielle Oelrich. Village Clerk Neil Reidel is

undergoing treatment at Rochester, Minn. He expects to return home this week. Mrs. Fred Bartlett, Sr., entertained the Lake Villa American Legion Auxiliary at her home Thursday evening. The following attended: Helen Boorman, Eunice Rathman, Ethel Marofski, Lavern Kraemer and Undine Perkins. Plans were made

THE ANTIOCH NEWS

THURS., JULY 12, 1968

for joint installation to be held August 11. The place will be announced later in this column.

The Ka-dette drill team, sponsored by the Lake Villa VFW Post and Auxiliary, will hold tag days on July 20, 21 and 22. Money raised will help pay expenses to the VFW National Convention to be held in Minneapolis on August 11-18. Drill master is Matt Oik.

Mrs. Lottie Berkhoff from Waupun, Wis., spent the weekend at the home of Mr. and Mrs. Clarence Blumenschein. Mrs. Blumenschein and Mrs. Berkhoff were school chums from 6th grade on through school.

Jack Rhoades and son, Kerry, visited the World's Fair at Seattle, Wash., and the Yellowstone National Park, and other places of interest along the way, during his two weeks vacation.

Mr. and Mrs. Fred Bartlett, Jr., and daughters, Carla and Carrie, were dinner guests Saturday at the home of Mr. and Mrs. Stanley Hollis of Waukegan.

George Walkanoff of North Chicago was a visitor Sunday at the home of Mr. and Mrs. Fred Bartlett, Sr.

The Lake Villa VFW Auxiliary will sponsor a salad bar luncheon and card party on Wednesday, July 25, starting at noon, at the VFW hall on Soo Line Road and Grand Ave., Lake Villa. Evelyn Whitmore is chairman of the affair.

The Royal Neighbors of Cedar Lake Camp, Lake Villa, will hold a salad bar luncheon and card party at the Village hall August 3, serving to start at noon.

A bake sale and white elephant sale will be held in conjunction with the luncheon. The Royal Neighbor officers will sponsor the luncheon.

Mr. and Mrs. Ray Bartlett and family of Waukegan were Lake Villa visitors Saturday.

Mrs. Tena Gerber and Arlene Leiting visited relatives at East Troy, Wis., for a few days.

Miss Joyce Blumenschein was honored recently at a bridal shower at the home of Miss Judy Rosquist of Loon Lake. The honored guest received many beautiful and useful gifts.

Mr. and Mrs. Russell Nickerson and sons spent their vacation visiting places of interest in seven states, including the World's Fair at Seattle, Wash.

County Health Dept. Reports Water Survey

The Lake County Health Department has released the results of a survey of the conditions of lakes and streams in Lake County. The survey is now ended, and this is the only report of its kind that the Health Department expects to compile.

The Health Department is now beginning a program of study of the quality of the water at places where the public comes in direct contact with the water, as at bathing beaches.

Because of the limited number of reports of the survey printed, the Health Department can not make copies of the report available to the general public. However, they will furnish copies to people interested enough in the subject to make the report available to groups of the public, such as people active in subdivision and other associations, resort owners, etc.

Because the report is not available to the general public, the Antioch News reprints a large portion of the report here as a public service. Because of its length, the report will be published in two successive installments.

Following are portions of the report most pertinent to this area:

"This report summarizes the observations of the Lake County Health Department surface water quality surveillance program as conducted from 1959 through 1961. Much of the data recorded here is a product of an effort to evaluate the quality of lake and stream water in Lake County, Illinois, in order to find and eliminate sources of pollution before they become a danger to health.

Included in this report is a tabulation of the condition of the larger lakes in the county including the Chain O' Lakes. Also included in this report is a description of the major streams which drain into these lakes. It is

concluded that unless improvement is made in the pollution level of most of these streams, the lakes will become substantially degraded in the future. At present the streams, rather than the inland lakes, are the source of concern.

Why Clean Water?

"Lake County is rich in water resources, but there is no guarantee that this will always be so. Through excessive pollution these streams and lakes could become disease producing ponds, fishless algae beds, and, indeed, could even disappear by a process known as eutrophication."

"Throughout the world, there are many examples of surface waters made fertile by sewage. Lakes... enriched with sewage, characteristically have changed from sparkling, clear, useful ones to unsightly and malodorous ones. A familiar thread of similarity and repetition can be noted in each case. Sometimes it includes all, but more commonly only several, of the following steps: (1) Introduction of raw or treated sewage; (2) replacement of prized... (game fish) by less desirable kinds, (3) increase in plankton or free-floating plant and animal life, and (4) explosive seasonal appearance of the blue-green algae, Oscillatoria rubescens.

"There is evidence in Lake County of eutrophication occurring in some bodies of water. Whether or not this develops into a serious problem will be determined by Lake County's long range planning and determined efforts to preserve its waters from pollution."

"If pollution is left unabated, and if additional loads of sewage—even treated sewage—are permitted to be discharged into our streams and lakes with little regard for their ability to assimilate these additional nutrients, Lake County can

look forward to serious consequences.

"The economic loss to the county must be considered if our inland waters are allowed to become polluted. The amount of money spent by Americans on recreation is growing at an accelerated rate. The economic value of natural streams and lakes which are closer to the Chicago Metropolitan Area than any other large group of lakes and streams is important and will certainly increase in the future. If Lake County's natural waters are despoiled by sewage pollution, the county will miss its share of this growing business.

"The home building industry would also be adversely affected by water pollution because this industry is based on our county's reputation as a desirable place to live."

The next few pages of the report tell how to determine pollution, listing and explaining the tests and methods used to determine the quality of water; also a chart showing the result of testing done in each lake in Lake County, and explaining the various classifications given by lake. It is not included in this reprint, as the material is quite technical. Information on the result of the tests on any specific lake or area can be procured by any person by calling the Lake County Health Department, at Empire 2-0650 in Waukegan, and requesting the information.

GOOD NEWS FOR CAR BUYERS!

The
State Bank of Antioch

Now Includes

CREDIT LIFE INSURANCE

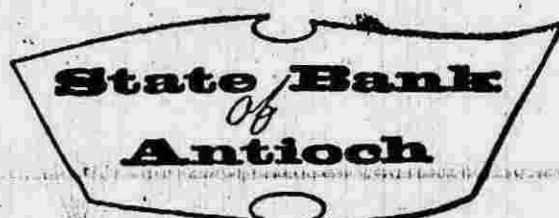

ON ALL NEW AND USED CAR FINANCING

AT NO COST TO YOU

Our insuring your car loan against unexpected death provides that the unpaid balance will be paid in full automatically and not be passed on as a liability to your family.

4 1/2% Interest on NEW CAR LOANS

• SIMILAR LOW RATES ON USED CAR FINANCING •

MEMBER FEDERAL DEPOSIT INSURANCE CORP.

"Friendly . . . Full Service Banking . . . Since 1894"

Corvair Monza Club Coupe (above). Sports car spice without a sports car's price. With front bucket seats yet!

Impala Convertible (left). All the richness, roominess and Jet-smooth riding comfort that make Chevrolet America's favorite buy by far.

Chevy II Nova Wagon (below). Low-cost luxury in a very parkable package. One of eleven Chevy II models.

BETTER BUYS

(summertime is savingtime)

BETTER CHOICE

(pick and choose from a bumper-to-bumper crop)

BETTER HURRY

(to your Chevrolet dealer's, naturally)

Get a July buy on a new Chevrolet, Chevy II or Corvair at your local authorized Chevrolet dealer's
